PRICE FIVE CENTS

COUNTERFEIT MEN GET SIX YEAR TERMS

RAIN DRAWS CLOSE AND B.C. DROUGHT MAY BE RELIEVED

Dull Skies and Drop in the Barometer Indicate Break in Hot, Dry Weather
Showers Here and Heavy Thunderstorms in Interior, Official Forecast

Rain is hovering over British Columbia, parched by weeks of drought and hot weather, officials of Gonzales Observatory announced today. Whether it will fall here in sufficient quantities to relieve dried-up farms and forests could not be predicted, however.

Thunder storms accompanied by a considerable precipitation of rain are likely to be experienced in the interior of the Province to-night, it was stated. Rain there would be valuable as the dry belt needs all the moisture it can get to maintain its irrigation supply and interior forests are dry enough now to offer a grave fire menace.

Showers may fall here to-night. Observatory officials said, but they doubted that they would be sufficient to improve the agricultural situation greatly. The weather map for the Pacific Coast indicates the presence of rain, and this is confirmed by a recent drop in the barometer here. Farmers and provincial forestry officials are hoping that the dull weather and low barometer of to-day will result in a worthwhile rain before high temperatures return.

J. H. THOMAS GIVEN RAIL MEN'S VOTE

British Workers Approve His Course During Recent General Strike

Weymouth, England, July 6.—The National Union of Railwaymen to-day gave an overwhelming vote of confidence to J. H. Thomas, general secretary, on his conduct during the recent general strike throughout Great Britain.

Mr. Thomas, noted for his work as a labor member of the House of Commons, had been faced with several resolutions regarding his removal from office in the union because of his opposition to the strike.

The resolutions were submitted at the annual conference of the union held here. They came from the Nine Elms and Manchester branches of the union.

Mr. Thomas not only is political head of the National Union of Railwaymen, but was the chief negotiator for the Trades Union Congress with the Baldwin Cabinet in everything pertaining to the general strike, including its calling off so dramatically.

His attitude towards general strikes was outlined in a speech last Sunday in which Mr. Thomas answered his critics within the labor movement. At one point he declared:

"A general strike by the very nature of things must fail. It is doomed to failure from the moment it is declared, because it is a brutal attempt to punish the innocent as well as the guilty."

Escaped Convicts Are Recaptured

Salem, Ore., July 6.—Richard Moore and Richard Fransen, two of the four convicts who escaped from the penitentiary here last Friday morning, were captured by a posse near McMinnville, according to word received by prison officials this morning. Walter Fisher and Elliott Michener, the other two convicts, made their escape. Details of the capture have not yet been received here.

SUMMER COURSE AT UNIVERSITY STARTS

More Than 350 Attending Sessions at Point Grey; Total is New Record

Vancouver, July 6.—Registrations for the summer session of the University of British Columbia, which opened to-day, exceeded 350 this morning, according to announcement made by the registrar's office. It is expected a few more registrations will be received late to-day, constituting a new high record.

SPOKE IN LONDON; DR. N. M. BUTLER

The president of Columbia University was one of the speakers at a notable gathering of an international character last night under the auspices of the American Society in London to celebrate Independence Day. Dr. Butler gave his estimate of the present stage of progress and development of the United States.

EARLY ELECTION IN ONTARIO PREDICTED

Conservative Workers Look For Provincial Test in November or December

Toronto, July 6.—The Toronto Star states local Conservative workers believe nothing less than a Liberal landslide in Ontario at the approaching Federal election will prevent a November or December Ontario provincial general election. The test is predicted either in the middle of November or early in December, most likely in November.

The Conservative Government of Ontario, led by Hon. G. Howard Ferguson, has been in power since July, 1925. It succeeded the Drury Farmer Government.

Of outstanding interest is the liquor question. There has been much speculation as to whether the Ferguson Ministry would adopt a system of Government control and sale of liquor as a plank in its platform on which it would seek the approval of the electorate.

REOUF BEY IS SOON TO MARRY

London, July 6.—Former Premier Reouf Bey of Turkey, who was mentioned some time ago in connection with a plot against the life of Mustafa Kemal Pasha, plans to marry in Paris the Princess Chivekhar, former wife of King Fuad of Egypt, says a dispatch from Constantinople.

Reouf Bey is said to be in Budapest at present.

The Daily Express believes the Prince is the man's one who sued her second husband, Captain Selwyn Bey, for divorce, naming Princess Chakir, the former Mrs. Sidi Winst Spreckels of San Francisco, as co-respondent.

NEW ASSOCIATION OF MINERS URGED

Extension of B.C.-U.S. Organization Suggested at Convention in Nelson

Nelson, July 5.—Extension of the Northwest Mining Association to cover the entire mining field of the United States and Canada instead of the border states and British Columbia, was advised at the international convention here to-day by Roy Hunter, president of the British Columbia Prospectors' Protective Association. The mining industry was the most disorganized industry he knew, but with mining on the upgrade he said the time was ripe for a wide organization, which could tell the world what should be paid for the metals of this territory.

The prospectors' organization was in charge of the day's session, J. W. Mulholland being chairman. Nichol Thompson, who conveyed greetings from the Vancouver Chamber of Mines and the Vancouver Board of Trade, held that for British Columbia a policy of general co-operation between the various sections was a more practical aim than the international co-operation which Hunter advocated, no matter how desirable the latter was.

AUTO RACE FATALITY

Butler, Pa., July 6.—Louis Conner, forty-three, of Pittsburgh, flagman of a 100-mile dirt track automobile race here yesterday, was killed when he was struck on the head by a flying wheel torn from one of the racing cars.

RAIL BOARD TO COME HERE FOR PARLEY JULY 14

July 14 is expected to be the date of the Railway Board's sitting in Victoria, following the receipt of advice at the Parliament Buildings to-day indicating that the board would meet in Vancouver next Monday, July 12. Members of the board are trying to conclude their hearings at points throughout the interior in time to be in Vancouver at the first of next week. After spending two days there, they will come here to meet Victoria businessmen and discuss freight rate questions.

POLITICAL MACHINERY ON THE MOVE FOR B.C.'S THIRD POLL IN LESS THAN THREE YEARS

British Columbia politicians already are busy with preparations for their third election in a little more than two years. With news from Ottawa indicating a Federal poll in September, the machinery of both the major parties in this Province was on the move to-day in arranging for the fight which will be waged during the Summer, when politics is usually taking a well-earned nap through the dog days.

The Liberal campaign will be mapped out for the whole Province when Liberal leaders, headed by J. H. King, Minister of Public Works in the late King Government, meet in Vancouver on July 15 at a conference of the British Columbia Liberal Association executive. This meeting, called by Mrs. Mary Ellen Smith, president of the association, was designed originally to discuss plans for a Provincial Liberal convention, but with a Federal poll looming ahead it will be devoted almost entirely to preparations for the campaign preceding it.

MINISTERS TO ATTEND
All members of the Provincial Government will attend the Vancouver meeting to discuss campaign plans. Another member of the former King Ministry, probably Charles Stewart, former Minister of the Interior, will accompany Dr. King to the Coast for the conference.

Meanwhile Liberal and Conservative organizations all over the Province are making arrangements for nominating candidates who will contest the fourteen seats of British Columbia.

The Victoria Liberal Association executive will meet shortly to arrange for a nominating convention here. This convention will be held at the Victoria Hotel. The executive will elect a nominating committee. S. F. Toimie in the city. While the date of the executive's meeting has not been fixed yet, it is expected to be held in a few days. H. H. Shandley, president of the association, stated to-day.

NANAIMO CONVENTION
Nanaimo Liberals also are planning an early convention. At a conference in Duncan on Wednesday afternoon, the Nanaimo Liberal Association will fix the date of this convention, which will pick a standard bearer to contest the Nanaimo seat with C. H. Dickie.

Sudden and unexpected developments at Ottawa may interfere with Conservative plans for a Provincial convention. The British Columbia Conservative leaders are waiting now for word from Ottawa before deciding whether a convention should be held now or not. With a strenuous Federal campaign to be fought it is not likely the party will want to plunge into the troubles of a convention, particularly when such a meeting promises to develop a struggle between the supporters of W. J. Bowser and those who are opposing him for the Party leadership.

LEADERS CONFERENCE
R. H. Pooley, Conservative House leader, will go to the Mainland to-day to meet other party leaders and discuss convention prospects with them.

The coming Federal poll, if held in September, will be the third at which British Columbians have voted since the early Summer of 1924, when the Oliver Government was defeated. The Provincial election then was followed by the Federal election of last Fall.

CUSTOMS INQUIRY PLANS BEING MADE

Meighen Government Now Debating Details of Proposed Judicial Investigation

Ottawa, July 6.—The Meighen Government is taking steps to proceed with the investigation of the Department of Customs and Excise. At the conclusion of a meeting of the Cabinet yesterday, Premier Meighen said the Government was going as far as it could under the resolution passed by the House of Commons.

FALSE RUMOR
"The report is ludicrous, calculated to stir up party feeling, and is made up of whole cloth," declared Premier Meighen this afternoon in referring to a published report that his acting ministers had resigned and that at the present time the Government of Canada was vested in Lord Byng, Governor-General, acting on the advice of Mr. Meighen.

U.S. CITIZEN WAS MURDERED IN TAMPICO

Mexico City, July 6.—M. L. Vincent, general manager of the Atlantic, Gulf and West Indies Petroleum Company, was stabbed to death in his home yesterday by an unidentified man, it is reported from Tampico. No details were given.

GENEVA ADJOURNMENT

Geneva, July 6.—The military committee of the preparatory disarmament commission adjourned to-day until August 4.

PUPILS TO LEARN EXAMINATION FATE BEFORE MONTH END

Anxious school children, who are spending most of their vacation wondering whether they passed their June examinations, will hear the answer to this vital question within the present month. Results of the B.C. University matriculation examinations will be announced on July 14 while High School entrance examination results will be given out four days earlier, on July 10, it was stated at the Department of Education to-day.

REICHSBANK CUTS RATES

Berlin, July 6.—The Reichsbank to-day reduced its discount rate from 6 to 5 per cent and the bank rate from 7 1/2 per cent to 7 per cent.

MAYOR TO ADDRESS SEATTLE CHAMBER

In an invitation received to-day Mayor J. C. Pendray is asked to address a gathering of the forum of the Seattle Chamber of Commerce one day next week. The Mayor will take as his subject the reduction of taxation in Victoria and the growth of confidence in the city's future. Nine hundred members are on the rolls of the Seattle Chamber, and the addresses at forum meetings are broadcast by radio.

7,000 POLICEMEN GUARD SUBWAYS IN NEW YORK AS STRIKE STARTS

New York, July 6.—New York City to-day was in the throes of a strike on its principal subway system.

Reports assembled fourteen hours after the motormen and switchmen of the Interborough Rapid Transit Company had quit work at midnight for increased wages showed a curtailed service was being maintained by strikebreakers and that there had been some congestion, especially at the morning rush hour.

Service to Brooklyn was temporarily abandoned. Some express ten-minute intervals instead of the usual three minutes; the "local" service, where stops were made at every station, being faster than the express companies.

No violence was reported. Nearly 7,000 policemen were on duty at the strategic traffic points.

Thousands of persons on their way to work, anticipating delays, forsook their usual underground routes and took elevated lines, busses, railroad trains and trolleys.

Rain, which always drives New Yorkers underground by the thousands, added to the subway problems.

The Brooklyn and Manhattan transit line was the only one operating into Brooklyn.

Interborough company officials issued a statement this morning that service was being maintained seventy-five per cent. of normal. Strike organizers, however, said investigation by them showed only ten per cent. of the usual number of trains was being run.

Nicaraguan War Comes to an End

Managua, Nicaragua, July 6.—The Government has repealed its decree declaring a state of war in existence as a result of the crushing of the recent Liberal revolution.

AIMEE MCPHERSON TO GO BEFORE JURY

In Los Angeles She Will Tell Her Story of Abduction

Los Angeles, July 6.—Aimee McPherson was handed a subpoena to-day by District Attorney Asa Keyes instructing her to appear before the grand jury to tell her story of her abduction which she related when she appeared at Douglas, Arizona, June 23, after thirty-six days' absence from the Angeles Temple here.

WELCOMES CANADIAN STUDENTS IN BRITAIN

THOMAS HARDY

Dorchester, Eng., July 6 (Canadian Press Cable).—More than 200 undergraduates of Canadian universities who are touring Great Britain were entertained at luncheon yesterday in the municipal buildings here and were read a message from Thomas Hardy, written at his home, Max Gate, here.

In the message, read by the famous novelist's wife, Mr. Hardy stated the strongest ties bound Great Britain and Canada together. He hoped Canadian universities would continue to do their utmost to preserve the English language in its purity. Mr. Hardy is eighty-six years of age.

ANNUAL MEETING OF COMMERCE CHAMBER

Minister of Finance Will Address Members Next Friday

Reports covering one of the most active years in the history of the Chamber of Commerce will be presented at the deferred annual meeting which has been set for Friday noon. The president, C. P. W. Schwengers, is at present preparing his annual report for the members, embracing the many activities in which the chamber has entered in the last twelve months. He is also to point to a great deal of work the chamber has done for the benefit of the city and Vancouver Island. Many efforts spread over a long period of time have reached consummation this year and the chamber can justly claim its share of the credit for the greater prosperity Victoria is now enjoying.

The speaker at the meeting will be Hon. J. D. MacLean, Minister of Finance. Dr. MacLean will speak on the turnover tax, a subject of interest to most of the members of the chamber.

TWO MEN DROWNED IN STREAM IN B.C.

Harold and Arthur Boggett Lost Lives in Goat River, Near Creston

Creston, B.C., July 6.—In a vain attempt to save the life of his brother, Harold Boggett, twenty-three, was drowned last evening while the two were swimming in the Goat River, a tributary of the Columbia, which it enters near Creston, a short distance north of the international boundary.

Boggett and his brother Arthur, twenty-one years of age, both of whom resided here with their parents, had gone to the river to seek relief from the oppressive heat experienced here yesterday. After resting, commenced the return crossing. The younger brother, who had recently come here from California and who was recuperating from an attack of influenza tired in midstream. Harold returned to aid him but was unsuccessful and they both sank beneath the surface.

LABOR PARTY URGED TO NAME CANDIDATES

Woodsworth Suggests Body Keep Clear of Other Groups in Federal Election

Ottawa, July 6.—"Candidates who will be responsible directly to labor and the labor party," said Mr. Woodsworth, in a statement issued here to-day.

Mr. Woodsworth added he had sent out a call urging labor men to call nominating conventions with this in view. He denied he and his other labor colleagues in the late House of Commons, A. A. Heaps, Winnipeg North, had been in the last hours in direct alliance with the Liberal Government.

"I desire to make it absolutely clear there is and has not been any alliance between the Labor Party and the Liberal party," said Mr. Woodsworth. "On most occasions during the last year, we supported the Liberal Party because it advanced legislation that labor had long advocated."

MEN WHO FORGED FORTUNE IN BANK NOTES SENTENCED THIS MORNING BY MAGISTRATE JAY

No Case for Leniency, Magistrate Declares, Passing Sentence After Night's Deliberation; Men Hear Court's Decision Without Flinching; \$1,000,000 in Counterfeit Notes Is Court Exhibit

Fred Barritt and Reginald Garrett, charged with being in possession of counterfeit Bank of Montreal currency bills, were sentenced to six years' imprisonment by Magistrate George Jay in the city police court this morning after having pleaded guilty to the charge yesterday afternoon. Barritt, elder of the two young men, also charged with uttering the counterfeit, was sentenced to an additional year to run concurrently with the other term. Neither man showed the slightest emotion when the magistrate passed down sentence this morning, although police were prepared for any emergency since Barritt's collapse in the dock yesterday morning.

With two suit-cases filled with over \$1,000,000 in fresh, crisp counterfeit Bank of Montreal notes brought here by Calgary detectives, who unearthed the forgers' main cache in the Prairie city on Saturday, the men in the dock were confronted with the fruits of their many months of labor and the cause of their undoing.

ROBERT FORKE TO SEEK RE-ELECTION

Late Progressive Leader Will Be Federal Candidate if Brandon Nominates Him

All Late Members in Montreal District Except R. S. White to Stand

Winnipeg, July 6.—"If the people of Brandon want me, I'm ready to take off my coat again," said Robert Forke, late M.P. for Brandon and leader of the Progressives during the recent session of the Parliament, when interviewed here to-day.

He denied emphatically a report which had been circulated locally to the effect that he would not be a candidate for re-election in the forthcoming general election.

He denied a report published locally to the effect that he had given the Progressive caucus an assurance that if the Progressives should vote Mr. Meighen out of office the Governor-General would forthwith recall former Premier King.

Mr. Forke arrived here to-day from Ottawa.

TO STAND AGAIN
Montreal, July 6.—With one possible exception, all the retiring members of Parliament on the island of Montreal intend standing for re-election. R. S. White, Conservative, Mount Royal, may retire, leaving the seat open for Hon. E. L. Patenaude.

MEIGHEN'S CAMPAIGN
Ottawa, July 6.—Premier Meighen may fire the first gun in his election campaign in the election of 1926. It is too soon for any announcement on this point, it is probable Mr. Meighen will address his first meeting here. While his speaking itinerary has not yet been arranged, his tour will probably carry him from coast to coast.

A number of meetings will be addressed by Mr. Meighen in the province of Quebec, it is definitely stated.

Gaines Trial Set For Next Monday

Seattle, July 6.—Negotiations for augmentation of counsel to defend Wallace Cloye Gaines against the accusation that he murdered his daughter, Sylvia Howard Gaines, twenty-two, here June 16, were near a close to-day. Robert S. Macfarlane, former deputy prosecutor, who was attorney for Gaines during the investigation after which his client was arrested last Tuesday, said he expected assistance before the trial should open Monday. Prosecutor Colvin is organizing a staff of deputies for the trial.

FINANCE SPEECH IS MADE BY CAILLAUX

French Chamber Told Government Must Have Free Hand to Correct Situation

Paris, July 6.—Finance Minister Caillaux to-day demanded of the Chamber of Deputies full powers for the Government to issue decrees to solve the financial situation. The Finance Ministry had already told the Chamber France must settle her foreign debts in order to secure stabilization of the franc, which has long been steadily slumping.

Outlining the financial situation, he referred to the importance of the negotiations now under way in reference to the question of French debts.

There appears little doubt that so far as funds for the civil administration are concerned, they will be provided without any delay or inconvenience to the recipients.

CUSTOMS CHANGES
The work of reorganization of the Customs Department is engaging the attention of Hon. H. H. Stevens, Acting Minister of Customs. Already Mr. Stevens has announced that mounted police were being placed "at all vulnerable points along the border."

CIVIL SERVANTS ARE TO RECEIVE PAY

Federal Cabinet Discusses Provision of Needed Funds By Governor's Warrants

Ottawa, July 6.—The Meighen Cabinet met this forenoon.

The question of providing sufficient supply for carrying on the business of the country is understood to have been discussed.

Authority to grant supply by way of Governor-General's warrants is given under Section 45 of the Audit Act. The Governor-General, by way of warrant, when Parliament is not in session, may grant supply for civil administration and for public works reported to be matters of urgency and for the public good.

TWO PRECEDENTS

"Two precedents exist for such action. At the time of the election in 1894 only a limited supply was available and a warrant was issued making the necessary provision for expenditures. Again in 1911, when Sir Wilfrid Laurier went to the country on the reciprocity pact, the then leader of the Opposition, Hon. R. L. (now Sir Robert) Borden agreed, it is understood, to supply for a certain time."

A warrant was granted in that instance also providing money for expenditures to carry on the country's affairs.

There appears little doubt that so far as funds for the civil administration are concerned, they will be provided without any delay or inconvenience to the recipients.

Well-known Master Succumbs Suddenly

Mr. James Hamilton Gunn of the teaching staff of the University School, Mount Talmie, died very suddenly on Sunday, following an operation last Tuesday for appendicitis. For a number of days he made apparently good progress, but a relapse occurred, and he succumbed within a few hours of the first serious symptoms. The late Mr. Gunn was born in Edinburgh, Scotland, forty-five years ago, and took the M.A. and LL.B. degrees from Edinburgh University. For some time he taught in Edinburgh University before going to South America to take charge of a school in Buenos Aires.

Prior to coming to Victoria about eight years ago, the late Mr. Gunn lived on the prairies. His first teaching appointment here was on the staff of the Victoria High School as instructor of mathematics and other subjects. In December, 1921, he left to take the position of principal at the Nanaimo High School. Two years ago he was appointed to the staff of the University School, and last Autumn went to the University School, Mount Talmie, being on the staff there until the closing of the last term.

A few weeks ago Mr. Gunn became a member of the City Temple congregation, and the pastor of that church, Dr. Clem Davies, will officiate at the funeral services to be held this afternoon at 2 o'clock from Hayward's chapel. The body will be forwarded to Vancouver by the night boat cremation.

Beside the widow there also survive two sons, all living here.

When You Do Not Feel Like "a Regular Meal" BOVRIL Will Fill the Gap

Garden Party to be Held To-morrow At Hatley Park

The beautiful grounds of Hatley Park, through the kindness of Mrs. James Dunsmuir, will be open to the public to-morrow from 10 to 6 o'clock under the auspices of the L.O.D.E. The lovely walks, the spacious lawns and the winding paths through

Army Champion Two Years Ago Winner of Queen Mary's Prize

Lieut. Burke Highest Canadian in Event, Thirteen Points Behind Winner

Bisley Camp, July 6 (Canadian Press Cable)—C. H. Church, army champion of two years ago, had the highest score in the Queen Mary's prize competition, 178 for the four practices, at the National Association meeting here today.

More rain fell to-day, the second day of the meet, but the downpour was not so heavy as yesterday. A cool wind prevailed, but visibility was good. The third and fourth practices of the Queen Mary's competitions were shot off to-day, and being a service rifle event under service conditions, the three practices were shot rapid fire at 300 yards. The final practice was then shots, snap shooting at 300 yards.

The Canadian scores in the four practices, with their totals for the match were:

Lt. Desmond Burke,	1	2	3	4	Tl.
Ottawa,	44	42	41	48	185
Sgt. McGregor, Ot-	42	33	35	40	150
tawa,	42	33	35	40	150
Pte. Houlden, Ham-	43	41	26	38	148
ilton,	43	41	26	38	148
Sgt. Borland, To-	46	40	19	36	141
ronto,	46	40	19	36	141
Lt. Goodhouse, Ot-	47	32	32	17	128
tawa,	47	32	32	17	128

Lieut. Commander Hutton, R.N., won the B.S.A. Service rifle Match, seven shots at 600 yards. Sgt. Borland, Toronto, and Lieut. Burke, Ottawa, were in the prize list, placing seventeenth and forty-sixth, respectively.

Osborn Makes Fine Start in Defence of Decathlon Title

Municipal Stadium, Philadelphia, July 6—Harold Osborn, of the Illinois A.C., got away to a good start to-day in defence of his national decathlon championship, leading ten rivals at the conclusion of five of the ten events in the all-around test, a feature of the concluding day's programme of the National Senior A.A.U. track and field championships.

COMMITTEE WILL NAME ITS PRICE FOR WILLOWS PARK

Minority Report Opposes Sale of Exhibition Grounds on Any Terms

Special Committee of City Council Proves as Divided as Council Itself

When the Willows grounds committee of the City Council reports to the parent body on Monday it will present a divided report. One section of the committee, it is understood, will be prepared to put a price on the grounds under a sale of the grounds under any circumstances, and declares in favor of considering a lease of the premises, without the property passing over to the city.

The minority view opposes a sale of the grounds under any circumstances, and declares in favor of considering a lease of the premises, without the property passing over to the city.

Both in open council and during the day of the meeting, the committee, expressed himself in favor of a sale of the grounds if a reasonable price could be obtained. But as he held the view that the property should not be sold he would not subscribe to even the price named, he said.

The history of the Willows grounds problem goes back to a tentative inquiry made by the firm of P. R. Brown and Sons, asking if the city would set a price on the exhibition grounds, if the city would agree to refer the matter back to the council, with the aid of such data as has been gathered in the meantime.

Alderman H. C. Holmes, the third member of the committee, declared himself flatly against the principle of sale of the grounds. But as he would be willing to discuss a lease on satisfactory terms.

Committee members make no secret of their lack of unanimity on the question, and the decision to refer the matter back to the council, with the aid of such data as has been gathered in the meantime.

Since that time two or three other inquiries have been received by the city along the same lines, and the special committee was appointed to reach some definite policy which could be recommended to the council. The failure of the committee to agree on any definite course of action will throw the matter up to the council again. A vote on the policy to be adopted is likely to be taken at the next session of the council on Monday.

DUBLIN SCENE OF WOMEN'S CONGRESS

Representatives of Twenty-five Countries Will Open Congress of Women's League

Dublin, July 6.—Representatives of twenty-five countries will open the Women's International League for Peace and Freedom on Thursday with a procession in national costumes. The congress will concern imperialism, the relations between majority and minority populations, and militarism.

The national sections will offer reports on the conditions in their respective countries likely to cause war, and recommendations for immediate steps to make such war impossible. The Irish section particularly is establishing committees to take up the subjects of militarism and minorities.

An Irish night will be observed during the session.

More than 300 delegates from all parts of the world are expected to attend. Miss Jane Addams will preside, assisted by Miss Madeline Doty, of the League of Nations secretariat in Geneva.

TRAVELERS TO HOLD DANCE

The United Commercial Travelers will hold a flannel dance on Friday of this week at McMoran's Tea Rooms, Cordova Bay. Pitt's Orchestra will supply the music and all those attending are assured a good time; as a very energetic committee in charge of D. W. Webster are leaving no stone unturned to make this a most enjoyable affair.

Atlantic City, July 6.—His throat slashed from ear to ear, Carl F. Petzel, thirty-five, of Philadelphia, plunged from a hotel here as hundreds of holiday revellers looked on.

MAN ENDED LIFE

Atlantic City, July 6.—His throat slashed from ear to ear, Carl F. Petzel, thirty-five, of Philadelphia, plunged from a hotel here as hundreds of holiday revellers looked on.

Atlantic City, July 6.—His throat slashed from ear to ear, Carl F. Petzel, thirty-five, of Philadelphia, plunged from a hotel here as hundreds of holiday revellers looked on.

SEARCH MADE FOR MAN AND SEAPLANE

Cordova, Alaska, July 6.—R. R. Merrill, who piloted an air mail plane between Bristol Bay and Beward, Alaska, left Vancouver, B.C. on the morning of June 27 and has not been heard from since. Alaska naval radio stations are broadcasting this information in an effort to locate the flier and his plane. Commander Wyatt at Ketchikan is investigating.

PLASTER FELL AND AUDIENCE WAS THROWN INTO PANIC

Boston, July 6.—Between 400 and 500 persons in the Gem Motion Picture Theatre in East Boston were thrown into a panic today when a great slab of plaster fell from the ceiling into the orchestra pit. More than a score of women fainted in the stampede for the doors. Others were roughly jostled and bruised.

AUTO TAKES PLUNGE OVER DOCK RAILING

Port Angeles Visitor Only Slightly Hurt When Car Overturns

Crashing his automobile through a heavy railing on the approach of the Evans, Coleman & Evans wharf and plunging to the rocks fifteen feet below, where his car over turned, A. J. Pappas of Port Angeles last night sustained but slight injuries. Caught behind the steering wheel as the car ran into the railing, Mr. Pappas was unable to free himself before his car fell into space and was fortunate to escape with a severe bruise on the face and a gash on the upper lip.

MARITIME INQUIRY IS SOON TO START

Duncan Arrives From Britain to Hold Eastern Canadian Sessions

Ottawa, July 6.—The Maritime Rights/Commission will shortly begin the work of investigating conditions in the T.V.A. Association, declared Hon. W. A. Black, Acting Minister of Marine and Fisheries, to-day.

Andrew Rae Duncan, chairman of the commission, arrived in Quebec yesterday from England and should be here to-day or to-morrow to interview Mr. Ernest Lapointe, Minister of the Maritime Provinces.

The first sitting will be held in the Maritime Provinces.

Prayers For End of New Anti-Church Moves in Mexico

Rome, July 6.—Pope Pius, through the agency of the Papal Secretary of State, Cardinal Gasparri, has sent a circular letter to the Holy See's representatives throughout the world, urging all Roman Catholics to unite in special prayers on August 1 for a cessation of the Mexican Government's persecution of Roman Catholics and for Divine pardon of those guilty of ordering and carrying out measures which are characterized as illegal, unjust and inhuman.

The franc continued to fluctuate widely to-day owing to the uncertain political situation. It went down to 27.35 to the dollar this morning, but reacted to 27.5, the official closing price, on the fluctuation of optimistic predictions as to the fate of Finance Minister Caillaux's measures and the Washington debt agreement.

GIFT IS PLANNED FOR MR. LAPOINTE

Ottawa, July 6.—Plans are under way, it is understood, by which the Liberal Party will present a testimonial to Hon. Ernest Lapointe, former Minister of Justice, in recognition of his services to the party as Acting Leader of the Government.

More than 300 delegates from all parts of the world are expected to attend. Miss Jane Addams will preside, assisted by Miss Madeline Doty, of the League of Nations secretariat in Geneva.

More than 300 delegates from all parts of the world are expected to attend. Miss Jane Addams will preside, assisted by Miss Madeline Doty, of the League of Nations secretariat in Geneva.

QUEBEC PARTY VISITS REGINA

Regina, July 6.—This city is being visited to-day by 100 women and men from the Province of Quebec on a tour of Western Canada under the auspices of the University of Regina.

Prominent in the party are Mr. Emile Chartier, vice-rector of the university, and Mayor Mederic Martin of Montreal.

Immigration is On the Increase

Ottawa, July 6.—A compilation of Canada's immigration figures for the first four months of the calendar year 1926 shows an increase of 81 per cent over the corresponding four months of 1925. The figures were 39,442 in the four months of this year, as compared with 21,776 in the same period a year ago.

HELPERS ARE NEEDED FOR T.B. TAG DAY

Ladies' Auxiliary to Tuberculous Veterans' Association Appeal for Help

As the members of the Ladies' Auxiliary to the Tuberculous Veterans' Association are experiencing difficulty in securing taggers to help on tag day on Saturday, all who are desirous of helping are requested to phone Mrs. Crocker, president of the auxiliary, or Mrs. A. E. Harrison, secretary, 7273R or 5946R.

Tag day headquarters will be in the Surrey Block, Room 5, and arrangements are being made to serve a delicious luncheon to all taggers.

In view of the generous action on the part of the Victoria City Council in granting another annual tag day for the benefit of the association on Saturday, the Tuberculous Veterans' Association feels that it is its duty to acquit the general public of the following manner in which the receipts of the last tag day were expended:

1. For the maintenance of club and rest rooms situated in the P. R. Brown Block, Broad Street.
2. Needy cases not in receipt of pension, or whose pensions are entirely inadequate, have been financially assisted.
3. T.B. veterans in hospital who are not receiving \$25.00 a day and allowances have been financially assisted.
4. Expense incurred as a result of organized mass meetings of ex-service men has been shared by the T.V.A.
5. Expense incurred as a result of conducting a series of lectures on the ravages of tuberculosis and the importance of early treatment (the education of the general public) has been paid from the branch funds.
6. The cost of correspondence, telegrams and copies of tag day cards submitted to members of the House of Commons, requesting their support on pension matters, has been met by this branch.
7. In conjunction with other T.V.A. branches throughout the Dominion, the local unit has paid an equal share toward the cost of operating an ambulance service in Ottawa.
8. Donations to Solarium and other deserving causes have been given by the local branch.
9. Annual expense of sending a representative to the T.V.A. convention at Ottawa and delegates to the B.E.S.L. convention at Vancouver, is borne by the branch.
10. Less than fifty per cent of our membership are in a position to pay their annual dues of two dollars.
11. The Tuberculous Veterans' Association is one of the few ex-service organizations operating without the means of a canteen or refreshment bar.
12. There is no salary paid to any official of the T.V.A., with the exception of the Dominion secretary and the adjustment officer at Ottawa.
13. All members of the T.V.A. Association are urged to contribute to the clubrooms each day between now and Saturday to pin tags for their annual tag day, which will take place on July 10. If members can obtain any taggers they are requested to get in touch with the secretary at once.

FINANCE SPEECH IS MADE BY CAILLAUX

(Continued from page 1)

"We will propose ratification of the Inter-Allied accords with certain rectifications which we are seeking in accord with certain assurances which we already have obtained," he said.

He said only 500,000,000 francs were left to the state from advances authorized by the Bank of France.

The deputies were told they would have to renounce for the time being discussion of measures for renovation of the country's finances and turn the task over to the Ministry.

M. Caillaux categorically declared the Government must be authorized to proceed by decree to effect economies, apply restrictions in consumption and arrange the details of a scheme for stabilizing the franc.

This must be done secretly, he said, in order to succeed in the political situation. It went down to 27.35 to the dollar this morning, but reacted to 27.5, the official closing price, on the fluctuation of optimistic predictions as to the fate of Finance Minister Caillaux's measures and the Washington debt agreement.

Australian M.P.'s Are Soon to Receive Higher Salaries

Melbourne, July 6.—It is understood the Government proposes to increase the salaries of members of the Government and members of Parliament at an estimated additional cost of £20,000 yearly.

The salaries of Ministers will be £1,650 each, with the exception of the Premier, who receives £2,100 a year. Members of both the Senate and the House of Representatives receive £1,900, with traveling expenses.

Prisoner Killed Montana Sheriff

Billings, Mont., July 6.—Sheriff Russell Sage was shot and killed and Deputy I. L. Brooks was seriously wounded by a prisoner in the county jail here to-day.

The prisoner, John Vickery, believed to be demented, escaped after the shooting, but was recaptured by posse.

Vickery had managed in some way to smuggle the gun with which he killed Sage into his cell last night when he was arrested on a charge of disturbing the peace.

Montreal, July 6.—Considerable interest in the Federal political situation hinges on the plans of Hon. E. L. Patenaude in view of the recent declaration in which he lined up with Mr. Meighen. It is expected Mr. Patenaude will run as a straight Conservative candidate, and the probabilities are that he will lead the battle for the Conservative Party in Quebec.

MILITARY MEETING HELD YESTERDAY

Protestant Orphanage Receives Many Donations During June

The regular monthly meeting of the ladies' committee of the Protestant Orphanage was held at the home of the president, Mrs. H. H. Crocker, yesterday. The following ladies were present: Mesdames Hughes, Dillabough, Elliott, Calvert, Brown, Edwards, Cox, Berry, Simpson, Sheppard, Heilmann, Dinmore and the Misses Denny and Murray.

Miss Denny and Mrs. Edwards were appointed visitors for the month of July. It was reported the children are all having a good time in their holidays, several friends kindly giving them treats. Four children were admitted during the month of June.

DONATIONS Following are the donations for June, Hudson's Bay Co., samples of material; Mrs. Ragazzoni, cherries; Mrs. Snow, sack rice; Mrs. H. Sheppard, twenty pounds of sugar; Mrs. Griffiths, sago and candy; Mrs. H. H. Shandley, sack flour; Mrs. Cassidy, one crate strawberries and one crate cream; Mrs. H. H. Sheppard, one crate strawberries; Mrs. W. H. Wilkerson, clock and magazines; A. friend, books; Miss Ward, twelve boxes strawberries; Mrs. F. Green, crate strawberries; Mrs. C. King, crate strawberries; Mrs. W. Tuck, boys' clothing; Mr. Slater, crate strawberries; Mrs. J. E. Wilson, crate raspberries; Mr. Johnston, crate raspberries; Mr. Summers, cherries; Mrs. A. F. Proctor, nine dozen eggs; Miss Mary Spencer, shoes and cakes; Mr. Hayward, fruit and vegetables; Mrs. F. J. D. Pemberton, eighteen records; Mrs. F. C. Dillabough, oil cloth; Queen City, Canada, soap; O.E.S. Church, cake and sandwiches; Christ Church, cake and sandwiches; Bishop, Cridge, chapter, clothing; Mrs. E. H. Newcombe, cake; Miss A. Thompson, 11; Mrs. F. G. Fowkes, 15; Mrs. F. W. Hicks, 7.50; Mrs. F. H. Fatt, 50 cents; Miss E. C. Moore, 50 cents, and Mrs. J. E. Colman, 50 cents, and Dr. Lewis Hall.

COUNTERFEIT MEN GIVEN SIX-YEAR TERMS

(Continued from page 1)

W. C. Moresby, counsel for the defense, whose strong plea for mercy was heard by Magistrate Jay in the police court yesterday afternoon, had nothing further to say this morning, he told the court. "I would merely call one character witness, to whom he had referred previously, he said, Adjutant Robert Fullerton of the Salvation Army, recently of Calgary, now stationed here. He said, however, that what he had stated regarding the characters of the two accused had in no way been refuted by the prosecution, and with this fact left the weight of decision with the court. His Honor had taken time to consider the case, having remanded the men for sentence yesterday.

CONCURRENT TERM

Following the passing of sentence of the two men, Magistrate Jay stated that the second charge against Barritt, that of passing the forged notes on unsuspecting tradesmen, was merely another step in the carrying out of the whole plan. The man was sentenced to one year and a month to run concurrently with the longer term.

Yesterday afternoon, having pleaded guilty to the charges read against them, the prisoners listened while Mr. Moresby fought for the court's leniency.

HAS AGED MOTHER

Barritt, said Mr. Moresby, had an aged mother, seventy years old, residing in Calgary.

It was the first principle of British law that a man should be punished, not wholly with the idea of inflicting suffering upon him, but with a view to deterring others from committing the same offence. Mr. Moresby said, both men realized the gravity of their crime and were truly penitent.

Barritt realized the serious situation from the beginning and determined to get out of it as quickly as he could. He asserted, felt the same way. He had come to Canada from the Old Country and was a young man of good breeding and of good family. His reputation in Calgary was that of the best, as was that of Barritt. He suggested with all due deference that the punishment might be as light as possible.

Continuing, Mr. Moresby pointed out that an examination of the notes, showed that they were the preparation of novices.

PRISONER OF WAR

Referring to the characters of the two men, Mr. Moresby said that Barritt, had served overseas with the Canadian troops, had gone into action at Regina Trench, a memorable engagement, carried himself gallantly there, but fell into the hands of the enemy. He remained a prisoner of war for a year and a half. He had a full disability pension and another for his aged mother.

Garrett, who had been too young to serve his country, had proved his mettle in another way. He had been especially recommended for recognition for gallantry in attempting to save the lives of his comrades who were actually succeeded in saving the life of one from drowning while at Calgary.

Questioned as to a possible varying degree of culpability existing between the two men, Mr. Moresby said that Barritt would prefer to say nothing on this score. Each owned equal responsibility for the crime. Each would shoulder his fair share of the blame, he said. They had had no accomplices or assistants and were alone in their plot, he asserted.

ALONE IN PLOT

Questioned as to a possible varying degree of culpability existing between the two men, Mr. Moresby said that Barritt would prefer to say nothing on this score. Each owned equal responsibility for the crime. Each would shoulder his fair share of the blame, he said. They had had no accomplices or assistants and were alone in their plot, he asserted.

This statement shook the theory of police that there were more than two men implicated in the attempted forgery.

Calgary detectives who brought the great quantity of forged bank notes here to-day were present at the police court. They were not called as witnesses. It is not known what action the Calgary authorities will take in disposing of the counterfeit bills, but it is thought, according to local detectives, that they will be destroyed as soon as possible as they are a dangerous stock to carry—a counterfeit fortune in two suitcases.

MAYNARD & SONS AUCTIONEERS

Instructed by Mr. T. J. Adney we will sell at his Store, 253 Cook Street, on

Politics Now in Canada Interest South Africans

Johannesburg, South Africa, July 6 (Canadian Press Cable via Reuter's).—The present constitutional position in Canada has aroused interest here in view of the alteration of South Africa's constitution by the recent passing of the Senate Act, which provides the Governor-General may (not must) dissolve the Senate within 120 days of dissolution of the House of Assembly. The act provides for senators to hold

seats for ten years until dissolution or a change of government, whichever is the earlier. A change of government is defined as "whenever another person than the Premier for the first time becomes Premier." The result in effect is that if the Union Premier resigns, the Senate is ipso facto dissolved. The Johannesburg Star says the powers of a governor-general are conferred with a view to just such a crisis as Canada's present one. Being absolutely disinterested, it is felt he would be able to act in a judicial capacity with a single eye to what he believes to be in the public welfare. The ultimate decision, however, rests with the people. The Star states.

T. H. LENNOX VISITS OTTAWA

Toronto, July 6.—Lieut.-Colonel T. Herbert Lennox, Conservative member for North York, Ontario, in the last Parliament, returned to Ottawa last night at the request of Premier Meighen. In view of the fact that Mr. Meighen is at present engaged in forming an administration, the calling of Colonel Lennox to the capital aroused considerable interest in local political circles.

Vancouver Island News

CORFIELD WINS CUP IN DUNCAN TENNIS

Competition Open to Players of Cowichan-Newcastle District

Special to The Times
Duncan, July 6.—The competition for the cup presented by C. F. Davis, M.P.P., was played on the courts of the Duncan Lawn Tennis Club on Friday and Saturday. This competition is open to any male resident of the Cowichan-Newcastle electoral district.

N. T. Corfield was the winner, defeating Gerald Stilwell in the finals by three sets to one, 6-4, 5-7, 8-6, 6-3. One of the best matches was the semi-final between Gerald Stilwell and W. E. Corfield. Stilwell took the first set, and with Corfield leading him 5-2 in the second, managed to even up to five all and win out 7-5. The following is the full list of players and scores:

Noel Radford defeated J. Longbourne, 6-2, 6-4.
M. H. Finlayson defeated Dan Radford, 7-5, 6-3.
Norman Corfield defeated Noel Radford, 6-1, 6-1.
W. E. Corfield defeated N. R. Staples, 6-4, 6-1.
Gerald Stilwell defeated Capt. J. Longbourne, 6-2, 6-1.

SECOND ROUND
M. H. Finlayson defeated M. H. Finlayson, 6-1, 6-3.
G. Stilwell defeated W. E. Corfield, 6-4, 7-5.

FINAL
N. Corfield defeated Gerald Stilwell, 6-4, 5-7, 8-6, 6-3.

C. J. Yorath, head of the Canadian interests of the International Utilities Corporation of New York, was in

Duncan over the week-end looking over all the possible ground for new extensions of the electric light system.

Mrs. Darton, of Prince Rupert, is the house guest of Mr. and Mrs. W. B. Harper, Duncan.

Mr. and Mrs. A. J. Marlow and family, from New Westminster, are spending some weeks at Maple Bay. Miss Lucy Wells, from Kamloops, is also with them.

Miss Mollie Sharpes, of Victoria, is visiting Miss Nell Blythe, "Highfield," Quamichan Lake.

Mrs. W. E. Christmas, Mrs. and Miss Dawson-Thomas, Miss Violet Stilwell and Mrs. H. N. Watson, of Duncan, are entered in the Canadian championship tennis tournament now taking place in Victoria.

Chemainus

Special to The Times
Chemainus, July 6.—Mrs. John Long entertained at an enjoyable bridge tea Friday afternoon in compliment to her aunt, Mrs. Kibble of Bellingham and her sister, Mrs. E. C. Hudson of Seattle. A very dainty tea was served, the table being centred with a vase of lovely flowers. The guests included Mrs. Kibble, Mrs. Hudson, Mrs. Humby, Mrs. Adam, Mrs. Evans, Mrs. Jarrett, Mrs. Cooper, Mrs. Koch, Mrs. Battreall, Mrs. Clute, Mrs. Allester and Mrs. McLaughlin.

On Saturday afternoon Mrs. E. M. Anketell-Jones and her mother, Mrs. H. E. Donald were joint hostesses in honor of Master Michael Anketell-Jones's third birthday. The little guests were Michael and Susan Anketell-Jones, Constance, Ruth and Lorena Gilroy, Arthur Jackson, Rawson and Rosemary Stewart, Harry Williams-Freeman, Hermiane Spurling and Jean Mortimore.

taken to prevent willing miners from returning to work, the regulations would be invoked to protect them. The Laborites strenuously opposed the motion, one declaring money was as welcome from Russia as anywhere else if it would enable the men to defeat the mine owners. It was hoped that, besides Russia, the United States would send large sums. The speaker hinted that an impending decision was to send a delegation to the United States to seek the maximum help possible from that country.

H. G. James Died In Terminal City

Vancouver, July 6.—Henry G. James, a wealthy British Columbia lumberman, died here suddenly last evening of what is believed to have been heart failure while he was visiting in a friend's apartment.

FALLING SNAG CAUSES DEATH OF LOGGER

Alert Bay, July 6.—Struck by a falling snag during logging operations at Call Creek, James Burns, forty, sustained injuries which caused his death a few hours later while being conveyed in a gasboat to Alert Bay.

BARON BYNG DID NOT CONSULT AMERY

Manchester Guardian Says Governor Himself Decided Canadian Dissolution

London, July 6 (Canadian Press Cable).—It can be said on the highest authority that Lord Byng, Governor-General of the Dominion, was not consulted by Lord Amery, Secretary for the Dominions, and had nothing to do with the matter. I can say further on the highest and fullest authority that Lord Byng acted entirely on his own responsibility, and I am satisfied Right Hon. Mackenzie King, of all people, is fully aware of that fact.

These statements are made by the London correspondent of The Manchester Guardian, anent the suggestion made by a London evening newspaper that the secretary for the Dominions influenced the Canadian Governor-General's decision regarding the granting of dissolution of Parliament.

The Guardian adds that it cannot be denied Lord Byng has made constitutional history. What he has done is more important in that while precedents from Britain carry over the Atlantic and Pacific to Canada and Australia, precedents from those countries undoubtedly carry back to Great Britain.

Lord Byng has made constitutional history, not only for Canada, Australia and South Africa, but also for Britain, the newspaper continues. "Though in practical affairs, the precedent he created must be modified, nevertheless it must be reckoned with."

The Guardian's correspondent declares Lord Byng has made constitutional history. His Majesty would have been prepared to send for Herbert Asquith, as he was then, to form an alternate government, with much excuse, because there had already been two general elections in less than three years. It was also said Mr. Asquith might have accepted but for the difficulty that every minister he appointed would have to go to a by-election, and without support from one or the other two parties they would not have been returned. That support was refused. "I do not pretend to know what happened at that time," the Guardian's correspondent adds, "but if there is any truth in the foregoing it is secret history and secret history does not make constitutional precedents."

BOOTLEGGERS' INCOME RULING SOON

Privy Council in London to Decide if Rum Men in Canada Must Pay

London, July 6.—The Judicial Committee of the Privy Council is soon to give judgment on the appeal of the Minister of Finance of Canada against Cecil Smith of Windsor, Ontario. Argument was heard here yesterday. The Minister of Finance appealed from a decision of the Supreme Court of Canada which declared incomes received from illicit transactions such as bootlegging were not subject to the Federal income tax.

In 1925 Cecil H. Smith of Windsor made a return to the Federal Income Tax Department stating his income was \$2,500. The income tax authorities, after investigation, came to the conclusion Smith's income had been \$32,000 and he was assessed on that basis. Mr. Smith made it a test case and after going through the various courts, he appealed to the Supreme Court. The Supreme Court allowed the appeal, holding that if the definition of income was wide enough to include bootlegging profits, it would also cover gains from burglary or highway robbery.

The judgment, when announced, will not only affect bootlegging profits, but, profits from other illicit forms of trading, in the opinion of counsel for the Department of Canada. The counsel told the Judicial Committee at the hearing of argument in October last that the department of Ottawa had collected large sums of money in income tax from other persons engaged in the liquor traffic, and that these payments had been made under protest. If the Supreme Court's decision was upheld by the Judicial Committee, the Government would be compelled to refund such amounts. Counsel for the Finance Department of Canada, presenting his argument to the Judicial Committee yesterday, urged that it was not open to the respondent to escape by relying on his own wrongful acts.

CASE OF BURGLAR
Lord Haldane spoke of the case of a burglar who asked the Exchequer Court for an accounting against his partner, whereupon the court clapped both his partner and himself into prison.

Lord Darling expressed the opinion a bootlegger was only a smuggler. Everybody in Great Britain traded with smugglers in the eighteenth century.

Lord Atkinson asked: If a public housekeeper who sold liquor in prohibited hours could claim exemption from taxation on the profits of such sales.
Lord Darling said that if a man was a pirate, the law would say to him, "Because you are a pirate I will tax you, and if I catch you I will hang you."
"I have condemned people for baby farming and thereby 'stopped a very profitable business,'" Lord Darling added.
"Can a milkman say: 'I am not going to pay one-third of my income, because a third of my income is for water?'" counsel for the appellant asked.
Counsel for the respondent remarked that "there was no direct authority governing such cases."
"Except that the pitcher going to the well gets broken at last," Lord Darling answered.

Many Countries "Think Out" DUNLOP TIRES

NO other tire in Canada is born under such promising conditions as the "Dunlop." When Dunlop England evolves some process for getting more out of cotton we have the benefit of that immediately for Dunlop Canadian-Made Tires. When Dunlop Japan tests out a tread and finds it gives more mileage we immediately have that likewise for you, the Canadian tire buyer.

When you buy Dunlop Tires you get not only the results of our own technical experts but the results of the great tire experts of Dunlop in England, Dunlop in the United States, Dunlop in France, Dunlop in Japan, Dunlop (British) in Germany. In other words, wherever there is a Dunlop factory the specialized knowledge on tire-making of their chemists, research men and technical engineers is available to us as our knowledge is available to them. Do not accept anything less than the tire created by world minds—the "DUNLOP."

Dunlop Tires and the Dunlop Dealer together typify unified service, built on known values, plus courtesy

Judgment Against Two Motorships

Vancouver, July 6.—With the consent of the defendants, Meyer Chechik, a Winnipeg merchant, to-day recovered before Mr. Justice Martin here judgment on mortgages against the motorships Etta Mac and Chakawana. The judge made an order for satisfaction of the judgment out of \$10,000 bail furnished by the Etta Mac. Both boats are owned by the Vancouver-Courtenay Transportation Company Limited, which operates the Etta Mac, former sub-chaser, between here and Courtenay on Vancouver Island and the Chakawana in an up-coast service.

WILL INVESTIGATE FURTHER

THE TWO MAJOR POLITICAL PARTIES are committed to a further investigation of the customs service under the direction of a judge or judges. During the recent inquiry by a special committee of Parliament enough was disclosed to indicate the probability of unsatisfactory conditions in other provinces besides Quebec, and it will be impossible adequately to deal with the smuggling problem until these have been probed as deeply as possible. The scope of the inquiry should not be narrowed in any sense. It should include a survey of the liquor export business, and we shall expect as much zeal to be displayed in uncovering the ramifications of this traffic as was shown in the recent investigation by the parliamentary committee. Liquor cleared for a foreign port and diverted back to Canada through devious channels is smuggled liquor. Hon. H. H. Stevens, the new Minister of Customs, should now be in a position to assist the inquiry with as much interest and industry as he was able to bring to bear in the recent investigation. In this respect the inquiry will be a test of the sincerity of Mr. Stevens and his political associates as well as an examination of the customs service.

One certain result of the inquiry will be the extension of the preventive service, which will call for an increased appropriation. In fact, for smuggling to be reduced to harmless proportions it will be necessary to maintain an army of officials along the international border. Customs tariffs make smuggling profitable and the higher the tariff the more profitable the smuggling. Consequently, if we are to maintain a tariff we must maintain imposing forces in the front line to support it. The cost may be high, but increasing costs to the taxpayers is what customs tariffs are for; otherwise nobody would want them. The United States is going to spend a large part of \$30,000,000 this year in an effort to prevent the smuggling of liquor, chiefly from Canada. This, with the millions required for ordinary customs preventive service, presents a formidable total. Eventually, between customs, immigration and dry enforcement officers, the international boundary line will become a living rampart between the two countries.

NOTHING TO WORRY ABOUT HERE

THE CONDENSED STATEMENT OF OF Victoria's financial position, which will take the form of a folder in the annual report that is now in the hands of the printer, is a very encouraging document and will be read with interest by local taxpayers as well as by those who are considering this community as a field for investment. It shows a reduction of the gross debt during 1925 amounting to \$475,223.85, a reduction of the shortage in the sinking funds in respect of local improvement debt amounting to \$15,892.65, collections of current general taxes amounting to 96.2 per cent. of the levy as compared with 84.02 in the previous year, and also an increase over 1924 in the collections of arrears in taxes. Other interesting details of the statement include an increase of fifty-three per cent. in the value of building permits up to June 15, and a reference to the fact that the taxation mill rate for 1926 is 39 as compared with 39.3 in 1925.

Every Victorian should study this statement in detail. It shows a local economic condition which is a good deal more satisfactory than some of our grumblers give the city credit for. There is nothing sensational in it. But every item in comparison with what could be said about the business of 1924 shows an improvement. This is what the outsider is looking for. The prudent investor is not interested in booms. If he has a few thousands to gamble with he may try a flutter where corner lots double in price overnight; but in a general way he looks beyond the mushroom town and puts his money where it is safe, even though the return may not be as large as it would be for the short period of hectic prosperity which the boomers help to produce. Victoria now has turned the corner definitely and—a fact being substantiated almost every day—is being favored by many investors in the United States and in other parts of Canada.

THE NEW YORK SUBWAY STRIKE

NEW YORK IS IN THE GRIP OF A strike of motormen and switchmen on its principal underground railway system and two or three millions of city workers this morning were obliged to use other means of travel to their daily tasks. A curtailed service is being maintained by volunteer operatives, some express trains running at fifteen-minute intervals instead of the usual three minutes, but to all intents and purposes the dislocation appears to be complete. To add to the discomfort of those who depend almost entirely upon the subway service the day broke wet and dreary. It would be difficult to conceive of any place in

the world where a strike of this kind could have such a disastrous effect upon the traffic. Unlike London, which has a spacious area, the business district of New York is on a comparatively small island, its population virtually piled high in the air, and the subway is the principal means of getting away from the metropolitan atmosphere. In fact the major part of the transportation system runs into the city below the street level, while the Interborough Rapid Transit Company, whose employees are striking for higher wages, is the important "tube" line.

Should the tie-up last for many days New Yorkers, or rather those who come under the two rivers by the subway, will suffer serious inconvenience and the business of the city will be materially affected. So far no violence has been reported. The company claims that service is being maintained at seventy-five per cent. of the normal. Organizers of the strike reply that only ten per cent. of the usual number of trains is being run. An impartial judge of the situation would no doubt give a verdict between these two estimates. In any event it is easy to understand something of the nature of the general confusion that exists.

OUR WEATHER

IT WAS WARM ENOUGH IN VICTORIA yesterday and Sunday, but the temperature was under eighty. Compare this with 102 in Kamloops, 101 in Vernon, 100 in Grand Forks and Nelson, and 100 in Spokane, or 97 in Penticton, and be glad that we were far from the sweltering point.

We get a few days during the course of the Summer which make us think kindly of that North wind that sometimes nearly blows through us during our Winter season. But on the whole our Summer months compare very favorably with those in the other favored parts of the continent. And Winter completely overlooked us this year.

It is also to be remembered that Victorians do not have to worry about mosquitoes and many other unwelcome visitors of the kind that pester some places during the long and sunny days of the year. Indeed, taking the climate of this part of the country all the year round, there are very few spots in the world half as fortunate.

THE MANCHESTER GUARDIAN'S VIEW

TWO STATEMENTS MADE BY THE London correspondent of The Manchester Guardian to-day will be of interest to all who are following the controversy which has arisen over the Governor-General's refusal of a dissolution to Mr. King and his granting of a dissolution to Mr. Meighen. He declares that Mr. Amery, secretary for the Dominions, was not consulted by Baron Byng and that this member of the Baldwin Government had nothing to do with the Governor-General's action. He also declares that Mr. King was right in saying that there has been no precedent for His Majesty's representative refusing a dissolution against the advice of his Prime Minister for a hundred years back. "A parallel case in Britain occurring to everyone," The Guardian's correspondent goes on, "is the end of the MacDonald Government in 1924 when, though head of a minority Government, Ramsay MacDonald advised dissolution and the King accepted his advice."

The point that will strike most people in this country is that there should be any suggestion that Mr. Amery might have been consulted by Baron Byng a week ago. Practically every dispatch from Great Britain dealing with the controversy makes some reference to this aspect of the situation, a phase of it which can not now be considered. As to the Ramsay MacDonald precedent, of course, The Times already has said that it was the outstanding guide for action to Baron Byng and is not surprised that The Guardian's London correspondent—always well informed—should look further for an example upon which to base his comment on Mr. King's failure to get the dissolution for which he asked.

WHAT OTHER PAPERS SAY

MINOR LEAGUE

From The Portland Oregonian
What seems to be needed internationally is a minor league of nations for the little fellows too small for major league classification.

BROWNED ON BOTH SIDES

From The Hamilton Spectator
Britain's betting turnover is estimated by Winston Churchill to be £300,000,000. In a turnover of this kind, it is the public that is browned on both sides.

FLAG WAVING

From The Ottawa Citizen
The American Automobile Association's polite warning to United States tourists against the practice of indiscriminate flag waving in Canada is timely and welcome. Some unpleasant incidents have occurred in Canada, particularly in the Toronto and Niagara Peninsula region, where sensibilities are especially acute, as a result of ostentatious displays of Stars and Stripes on the part of American visitors who seem unable to realize that a piece of cloth with thirteen stripes and forty-eight stars is not everywhere on this continent looked upon as a supreme and sacred symbol.

It is only fair to say that in most cases where irritation has been caused, those responsible have been animated simply by a mistaken excess of patriotism—the 100 per cent. variety—and that their vulgar flag-waving is the outcome of thoughtlessness rather than any deliberate attempt to affront Canadian feeling. In turn this excess of national pride and thoughtlessness is a product of the American system of teaching history, which always paints American heroes as spotless white and the other fellows as well, a less snowy color.

The American Automobile Association's words of advice ought to do much good. They offer appropriate hints on international courtesy and suggest that true respect for the American flag can be obtained only by a dignified and modest display of the Stars and Stripes in conjunction when in the Dominion with the Union Jack. And it is to be hoped that the lesson will not be lost on Canadians—and we have a few 100 per centers—who are tempted to retaliate in kind against wavers of alien flags.

Do You Mean What You Say?

The Register and Tribune Syndicate, Des Moines

"NO FLIES ON ME"
The expression "no flies on me" is an Americanism indicating the confidence of the speaker in his own individual energy and mentality. He feels, in other words, that he moves too fast to permit any flies to settle upon him.

Canadian Questions and Answers

THE PRESBYTERIAN CHURCH IN CANADA

Q.—What is the strength of the Presbyterian Church in Canada?
A.—The strength of the Presbyterian Church in Canada, as reported at the General Assembly of June, 1925, showed over 1,100 congregations, augmented charges and mission fields, a total membership of 154,000; between 700 and 800 Sunday schools and several thousand members of the Women's Missionary Society.

CANADIAN EXPORTS OF WHEAT FLOUR

Q.—What are the export of wheat flour?
A.—During the past three calendar years the exports of wheat flour by Canada have been in barrels as follows: 1923, 11,198,835; 1924, 11,476,468; 1925, 10,318,840. During the same period, exports of wheat flour by the United States have been: 1923, 18,809,856; 1924, 15,387,160; 1925, 11,119,088. During the six months ended March 31, 1926, the exports of wheat flour from Canada have been 6,135,000 barrels, and from the United States 4,911,000 barrels. It is, therefore, evident that in respect of flour as well as of wheat Canadian exports are gaining over those of the United States.

A THOUGHT

This poor widow hath cast more in than all they which have cast into the treasury Mark 12:43.

A rich man without charity is a rogue, and perishes; it would be no different matter to prove that he also is a fool.—Fielding.

Victoria, July 6.—5 a.m.—The barometer remains low over the interior and fine, warm weather is general from Vancouver Island eastward to Manitoba, with increasing forest fire hazard in B.C.

Reports
Victoria—Barometer, 29.84; temperature, maximum yesterday, 75; minimum, 54; wind, 4 miles W.; weather, cloudy.

New Coal Import Plan in Britain

London, July 6.—The Government will ask Parliament for an appropriation of £5,000,000 to enable it to enter the coal import trade in order to get industries properly started again.

The coal strike situation was considered at a meeting of the Cabinet yesterday.

The strike has been in progress since May 1.

Oldest Member of Carmelite Order Dies in Boston

Boston, July 6.—Rev. Mother Angela, oldest member of the Carmelite Order in the United States, died at the Carmelite Convent in the Roxbury district, last night at the age of eighty-five.

She joined the order sixty years ago, in Baltimore, and was transferred to Boston at the founding of the community here thirty-six years ago.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely up to the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

CANADIAN CHAMPIONSHIPS

To the Editor:—Permit me to reply, in defence of the Victoria Lawn Tennis Club against a charge of profiteering, to the letter of "A Lover of Pennies"—I beg pardon, "A Lover of Tennis." I would ask the writer whether, before launching his accusation, he took any steps to estimate the club's expenditure in staging the Canadian championships, and if so, did his estimate commence with an item of \$550 for the privilege of holding them here?

Now let us examine these "profiteering" prices: The highest price for a weekly ticket covering admission to a ninety-minute football game, \$1.17 for a day of seven hours tennis. Compare this with the price of an afternoon's admission to the racetrack, a ninety-minute football game, or any other exhibition of skilled performers of a similar standard of excellence. And these tickets being transferable, any "Lover of Tennis" who is unable to use a ticket all day and every day can share with a friend the purchase of a single ticket admitting either alternately.

Another aspect of the price question which "A Lover of Tennis" evidently has not considered is that the entrance fee paid by competitors is actually higher than the admission fee paid by the spectators to be entertained by those competitors, up to the semi-finals at least. To cavil at the admission fee seems to me about as reasonable on the part of our something-for-nothing friend as to say "no one will accuse the club of profiteering" and in the next sentence proceed to do that very thing. The club, by its annual open tournament, brings a number of visitors to the city and advertises Victoria widely; this year's tournament accomplished these desirable things to a greater degree than ever before, and if there is "an obligation to let as many people as possible view the tournament" (by having free or nominal admission, I suppose), there should be also an obligation on the part of someone to guarantee the club against financial loss. Since that guarantee is not forthcoming, nor even asked by the club, may we not be allowed to run our tournament and our other affairs to the best of our ability, taking our own risk of loss, taking our profit if we can make one without being attacked in the public press?

In conclusion, allow me to state that if "A Lover of Tennis" is really rebuffed from seeing the tournament by the price of a ticket, I will undertake to provide one if he will communicate with me privately.

J. F. McREEDITH.
Victoria, B.C., July 6, 1926.

NOVEL DANCE TO BE HELD

The first of a series of dances to be given by the Troubadours, a newly organized club, will be held at the Uplands Golf Club on Friday evening, from 8 to 1 o'clock.

Each dance is to have novel decorations, and the first one will be a "ship dance," the arrangements and decorations for which are to give a seafaring atmosphere. Ivo Henderson's five-piece Crystal Garden orchestra will supply the music. Messrs. Hector Goodacre, May Ditchburn and Don Cameron, members of the committee, are sparing no effort to make everything in connection with the dance distinctly different from anything held in Victoria previously. Tickets are on sale at George Straith's to holders of invitations.

SAFETY SIGNS TO MARK ALL DANGER POINTS ON ROADS

Government Plans Official Warnings All Over Highway System to Aid Motorists

Every important road in British Columbia will soon be marked for the convenience of travelers with official warning signs. It was announced at the Public Works Department to-day. These signs are under preparation now and will be turned out in thousands shortly for installation all over the Province. The official signs will warn motorists of dangerous roads and grades, replacing all unofficial road signs now standing along the highways. They will carry no advertising of any kind on them and will be devoted only to the guidance of travelers.

All points where cars must stop before entering a main highway under the new highway regulations will be clearly marked in this way. Railway crossings where motor buses must come to a full stop before proceeding also will be marked. In this way it will be possible to arrange really effective enforcement of the new road code. Public Works Department officials believe.

Parachute Man Was Drowned

Menominee, Mich., July 6.—Arley Emmes, twenty-three, an aeroplane parachute jumper, was drowned here yesterday when he leaped from a plane above the city and fell into the waters of Green Bay.

SOLDIER WAS CAPTURED

Beirut, Syria, July 6.—The trial of Bennett J. Doty of Memphis, Tenn., imprisoned here for deserting from the Foreign Legion, has been postponed indefinitely. The date of the trial had been fixed originally for July 7. It is announced in authoritative quarters that Doty's case is less grave than at first believed. A new version of his story has been given out, that he was taken prisoner by the Druze tribesmen while absent without leave.

TRAMPS NOW WORK

Freemont, Cal., July 6.—Tramps in these parts can take their choice—jail or a "vacation" fighting forest fires. Fifteen yesterday chose fire fighting as the lesser of the two evils.

NOTICE TO OUR SUBSCRIBERS

We deliver The Victoria Times to all summer camps. Phone in your change of address and prompt service will be given. Circulation phone 3345.

SUTHERLAND LOOKS INTO ROAD NEEDS OF NORTHERN AREA

Far-reaching decisions on the future construction of roads throughout northern British Columbia are being made by Hon. W. H. Sutherland, Minister of Public Works, and Patrick Philip, Deputy Minister, during their present northern trip.

On their return here about the middle of July, it is expected Dr. Sutherland will make important announcements on the road policy of the Government in the North. He is investigating all the important roads west of Prince George as far as Hazelton in anticipation of the extension of this road system out to the Coast. Further money is available.

The Public Works Department is concentrating its efforts now on the construction of the Cariboo Road. Latest advice received at the headquarters of the department here from engineers in charge of the big road project state that the new highway will be open for traffic on August 1. Traffic will not be encouraged this year, however, as the road will not be in perfect condition until next season. Some time is required to allow it to settle before it will be able to stand up under heavy travel.

CODY REUNION IS HELD IN CLEVELAND

Cleveland, Ohio, July 6.—Forty members of the family of William F. (Buffalo Bill) Cody are here attending a family reunion. At their first meeting yesterday they discussed the establishment of a Cody Museum in memory of the famous Indian fighter. The closest of kin among the Cody relatives is Mrs. Julia Cody Goodman, eighty-three years old, sister of the late Buffalo Bill, who recently finished writing a story about her brother and herself.

The Cody family enjoyed a picnic at Linda, Cody's lake shore home, to-day.

Detroit has been chosen for the next reunion.

Violent Deaths in Washington State

Seattle, July 6.—Seven deaths in Western Washington attributed to celebration of Independence Day were listed here.

W. R. Kent of Canby, Kansas, was drowned in the Coalwanna River while with a fishing party.

W. H. Rose, a garage man of Tacoma, was burned when a camp stove

using gasoline exploded at Eatonville, Wash.

Corporal Albert O. Jensen of Seattle, of the signal corps of the United States army, was killed in an automobile collision in Seattle.

The body of Carl Schultz of Seattle was found in a bed surrounded by empty moonshine bottles. Peter Berg of Seattle was drowned in Lake Edwards, near Ravensdale. Mrs. J. F. Brockhagen of Oakland, California, and E. J. Elder of Portland, Oregon, were killed in an automobile collision at Long Beach.

Portland, Ore., July 6.—Gilbert Smith, an army corporal, was killed when an automobile Carl R. Englund was driving at sixty-five miles an hour collided with an iron pole. Englund may die.

Your Baby and Mine

BY MYRTLE MEYER ELDRED

ADULT AILMENTS

MRS. H. T.
Your condition is one which should be brought to the attention of a physician. It is entirely out of my line. I do not give advice on any ailments of adults.
Please send for the leaflets No. 8 and 9. You will find in them the answers to your other questions. Send a self-addressed and stamped envelope with your request.
HAPPY YOUNG MOTHER writes:

column and it has helped me out of many deep ruts. These questions puzzle me now. My baby, weighing seven and one-half pounds at birth now, at two months, weighs twelve pounds. He is a good and healthy child and sleeps eighteen hours out of the twenty-four. He is fed every three hours. But two hours after eating he (if awake) is irritable and acts hungry. A drink of water from the bottle will satisfy him for a while but not for long. He is fond of water and would take a half a bottle at a time if I would let him. Can he take too much water?
On very warm days my neighbor suggests that I take off his stockings, which are one-fourth wool. I am afraid as he is too young. I dress him in a shirt that is one-fourth wool; diaper, hose and thin petticoat. He is slightly broken out with the heat. He also seems very constipated on hot days. Can this be remedied?

ANSWER
First of all won't you send a self-addressed and stamped envelope for the No. 8, 9 and 10 leaflets? If the weather is hot make the baby comfortable. He is evidently too warmly dressed or he wouldn't have prickly heat.
You might find that the baby would be much better contented if he were fed but once in four hours instead of once in three. Try this for a while, at least. He has made a steady marvelous gain so that lack of food is not the cause of his irritability. A baby can take too much water, but the amount he gets much water between feedings would not harm him so much as giving him water just before his feeding, as you are doing, so that when it comes time for him to be nursed it may be that he does not take enough milk to satisfy him until the next feeding period. Try keeping him amused in some way, and with only a little water, for a few days until he is going good on the four-hour schedule.
The leaflet on Constipation will help you with that problem.

REMAIN AT HOME, CANADIAN'S DUTY

Miss M. Cartwright, LL.D., Speaks on the Obligations of Canadians

Speaking before an appreciative audience at the Memorial Hall last evening, Miss M. Cartwright, LL.D., of St. Hilda's College, Toronto, said that increased prosperity in Canada will more speedily arrive if the residents of Canada who have made their means here will remain in Canada rather than seek diversion in other parts of the world, as no great country in the world ever became great through being deserted by its prosperous citizens, but rather by their presence and encouragement.

On the subject of the extension of Christianity, Miss Cartwright mentioned the laxity of the average Canadian in soliciting converts to his faith as compared with the Mahomedan, every one of whom is an amateur missionary of the gospel of Mohammed. The reason for this, she said, was simply a form of selfishness, a condition which made people pretend to be better than they were.

She dwelt upon the necessity of a deeper understanding between widely different races, the expulsion of prejudices of color and creed, a strong patriotism coupled with wider humanity, and a more general education of the people in matters of political and industrial administration, if the dream of world peace and world progress were to come true. She spoke of the close relation between a Canadian's service to the Dominion and his service to the Empire. A fault of the education in Canada she considered was that of educating the youth of the country for positions that Canada was not able to supply, with the result that more lucrative fields were sought elsewhere, and the country was bled of her workers, not because she had not work for them to do, but because she had not equipped them for the kind of work she had to give.

Prior to the address, announcement was made that the women's committee for the new Cathedral was arranging to hold a reception to the Bishop of London following the ceremony of laying the foundation stone on Thursday, September 9. Mrs. W. A. Gallier has been appointed convener of the reception committee. Another task of the women's committee is to provide hospitality to the delegates from all parishes of the Island attending the ceremony and for this Mrs. J. T. Dickson has been appointed convener.

Following the address a hearty vote of thanks was tendered Miss Cartwright and the evening concluded with a reception, many in the audience availing themselves of the opportunity of meeting the speaker.

BEAUTY AND SITTING!

With so much agitation about the hicc brought by drastic dieting for reduction, something else had to be done! Now they tell us that sitting and standing just so, achieving a certain line, will take away twenty pounds, or add as many. If your arms are short, sit, they say, with body inclined a bit forward, hand upon knee. If you would look taller, stand and let your arms hang straight extended towards the onlooker, rather than away from him. If you are too tall, sit with limbs crossed at the knee and drawn backward.

Jazz Influences Bobbed Heads Just as it Does Art and Literature

BY HORTENSE SAUNDERS

New York, July 4.—Since jazz has exerted such a tremendous influence on art and letters, and has stamped its department on our clothes, it is not surprising to find it influencing our bobbed heads.

Jazz haircuts are now the vogue in hair. "The Charleston" and "Tango" have just been created by Emile, one of New York's most fashionable cutters, who frequently turns academic and lectures at Columbia University.

WOMEN'S AFFAIRS

SOCIETY

Mr. and Mrs. T. Hodge of Seattle are spending a few days in Victoria and are guests at the Balmoral Hotel.

R. P. CLARK STAFF MARK ANNIVERSARY

THESE WOMEN

By MALCOLM DUART

(Copyrighted)

The names and situations in this story are fictitious.

"You girls all go down to Dan Baster's school right away," Abe directed. "I'll telephone them you're coming. That dance is rotten, and you've got to start rehearsing another. You're not to come back and show me until you've got it right. Best it!"

Exhausted, the girls leaned against one another until they recovered their breath. Then they retreated behind a curtain in a corner of the room and began to change their clothes.

"Baster's my partner," explained Abe, turning to Audrey. "He drills 'em. I produce 'em. I hope you dance better than they do. Got your dancing clothes?"

Audrey pointed to the bag that stood beside her on the floor. "Those girls'll be out in a minute," said Abe. "Then you go back of that curtain and change. Nona'll be here in a minute."

He sauntered into his own office. Nona appeared in course of time, and was greeted by a sardonic, "Good-evening," from Abe.

"I suppose I'm late, as usual," she assented. "But you don't worry, do you, Abe?"

She gave him a pat on the cheek. He took her hand and swung it before him, inspecting her thin white, looking younger every minute. Nona, he said.

"Well, I'm no antique, she defended. "I'm only twenty-four, and I'm thinking of being twenty-three next birthday."

She went on into the other room, greeting Audrey warmly. They sat together and chattered while the chorus girls, one by one, reappeared from behind the curtain, wearing their street dresses, and passed out of the room.

"Isn't there a shower bath for them?" asked Audrey.

Nona laughed. "What would they do with those rompers," she asked. "They'd get their hair wet."

"But—" Audrey started to protest. Nona interrupted.

"I know what you mean. But they don't live like you do. Some of them take baths, and some of them don't do anything but wash. There's talcum powder, and perfume, and baking soda, you know. They use all three."

She arose and started for the curtained corner.

"Bring your rompers," she directed. "We'll try to do some steps. I have a new one."

When Audrey reappeared, it was in a plain dress that reached a point several inches above her knees. Nona wore a black satin bodice and silver-trimmed skirt.

"Get these for my show," she explained. "And I suppose I might as well get some use of them."

The piano player, after a moment's consultation with Nona, struck a chord, and, hand-in-hand, the girls started. Nona explaining to Audrey the movements step by step.

Morton and Abe came in after they had worked for half an hour, and Abe watched critically.

"You'll need two weeks' work," he pronounced. "But you're not acting badly," he added, to Audrey, who by the way—there's a dame been telephoning here, trying to locate you. If I'm any judge, she's mad enough to scratch."

CHAPTER XXIX

The girls halted.

"Goodness! More trouble?" asked Audrey, faintly.

"Who was it?" Nona wanted to know.

SPRAY ROSES NOW

Check early, various pests invading your roses and flowering plants. The early season demands early and frequent spraying to obtain best results.

KERO-SPRAY is the ideal combination of Black Leaf Forty, Arsenate of Lead, Hellebore, White Oil Soap, Kerosene and emulsifying ingredients.

KERO-SPRAY is inexpensive and convenient to mix, 15 oz. bottle costs 40c, makes 3 gallons of spray, also put up in half gallons, \$1.25; gallon \$2.00. One gallon makes 50 gallons of spray. Sold exclusively by VANCOUVER DRUG COMPANY LTD., Vancouver, Victoria and New Westminster.

Read Mrs. Menard's Letter. Her Experience May Help

Chatham, Ontario.—"I want to tell you how much good your medicine has done me. Before my baby came I felt so weak and run-down that I could hardly do my work. My head ached continually and I was so discouraged that I could cry from morning till night. I had no other baby just one year and a half old and it gave me a lot to do. So I thought I would try Lydia E. Pinkham's Vegetable Compound, as I had read so much about it in the little books. I found a difference right away as my head was relieved and my tired feelings gone. My sister had been doing my washing and she continued doing it, as she said it might set me back if I started to do it again. It sure did help me and I had taken just two bottles when my baby came. He is a fine big boy, now nearly five months old. I am taking your medicine again and I am able to do my work all by myself now. I always recommend the Vegetable Compound to women, and especially to expectant mothers, as I believe they need help at those times."

Mrs. OLIVER MENARD, 64 Center St., Chatham, Ontario.

"My new dress suit and knickerbockers are done, sir," he said, taking "Miss Morton has not seen me. Shall I go and put them on?"

"Both of them?" Morton inquired facetiously.

"No, sir. I mean just the evening clothes," Parrish said, without smiling. "Miss Morton has not seen me in them yet, at all."

"She has been deprived of a great pleasure," the older man responded, gravely. "We'll drive over to your home, and leave you there while you primp, and make yourself beautiful. Then we'll go on to my apartment,

as he got out. Nona was looking out the window, on the other side of the car, when he lifted his hat and turned away.

"Nona, my dear, you're planning something," said Morton, touching her lightly on the sleeve as the car moved on again.

"He refused to commit himself further. Nona remained silent, but from time to time she cast quick speculative glances at Audrey, in her corner on Morton's other side.

When they reached the Morton apartment, Audrey asked Nona to come in.

Nona demurred. "You people and Mr. Parrish are going to be dressed up festively," she said. "I'd better run home and change."

"Take the car over," Morton assented. "Tell the driver to wait for me, and come back when you're ready."

He and Audrey entered the building as Nona drove away.

"How do you like Nona, now that you know her better?" Morton asked. "She's a dear," Audrey said. They left the elevator, and entered their drawing-room. "I'll tell you something," she said to me once that you would never marry me—that you looked on me as a child. Daddy, there's something in your eyes when you look at her, too.

She wrapped her arms around one of his, and held him close for a moment. "I know you never are going to marry her, either."

"How do you know that?" he inquired, amused.

"Because you don't love her. You just like her," said Audrey, gleefully. "And I'm so glad!"

She ran upstairs, and Morton followed her, more slowly.

When the party was reassembled, there developed a short argument as to where they should eat. Audrey insisted the deciding vote.

(To be continued.)

Yacht Truant Won Lipton Challenge Cup on Saturday

W. Adams' Boat Beat Out Seattle and Local Boats in Race to Port Townsend

Showing her heels to a fast class of boats from Seattle and Victoria, W. Adams' trim little yacht Truant, sailed by Cliff Adams, slipped over the finishing line first in the sailing race for the Lipton Challenge Cup, held last Saturday from Trial Island, Victoria to Port Townsend.

The race, an annual international affair, covers a distance of thirty nautical miles, and is in the nature of a long distance cruise, taking five or six hours to complete. Mr. Adams' boat was rated as the smallest in its class, but good sailing and a light breeze put the smart little craft over the line ahead of its larger competitors.

Other boats entered in the race were as follows: Fayth, owned by Dr. John Harper of Victoria; Gaseka, owned by Stanley Griffiths of Seattle; Sinbad of Seattle and Hobby of Victoria.

Another race sailed at the same time and over the same course for the Admiral Lester Stone Cup was won by the Dorothy, owned and sailed by Major W. H. Langley of this city. This was for sloops. The Dorothy was also rated as the smallest boat in her class.

The other entries in this race were: Gamine of Vancouver, Gwendolyn I of Seattle and Omena of Seattle.

Nelson, July 6.—Under an arch of green and white, the Nelson club, surrounded by Canadian and United States flags, a thrifty mining convention sported a fine day this morning welcomed to Nelson by Mayor J. A. McDonald, and to British Columbia by Hon. William L. Bennett, Minister of Mines. The festivities have an international flavor, due to the attendance of large numbers of Americans.

Mayor McDonald handed to Mayor Charles Fleming of Spokane, an enormous gilt key, typifying the freedom of the city. Arthur Hooper, president of the Northwest Mining Association, who is presiding over today's session, referred to the celebration of the 16th anniversary of the American Declaration of Independence, and declared that Canadians today could subscribe to its terms regarding liberty, while Americans still gladly recognized the greatness of the country from which so many of them sprang, and to the British Empire today.

Mayor Fleming recalled that in the 1800's, in Spokane, the names of Nelson, Kootenai and Roseland were heard more on Spokane's streets than the name of Seattle. Spokane poured its money into this territory and reaped a rich harvest. He described the international boundary between the "Inland Empire" and the Kootenay as a fence, separating people of similar tastes and activities, working for their mutual prosperity.

Mr. Connor Mallott, vice-president of the Spokane & Eastern Trust Company, starting with the discovery of the Bluebell mine on Kootenay Lake, eighty years ago, traced the history of British Columbia mining development to the present famous Sullivan mine in East Kootenay, basing his facts on conversations with "Uncle Dan" Drumheller, the Northwest mining pioneer, who crossed the plains in 1854 and died last year. It is estimated that 2,000 Americans are in Nelson today, cars having streamed across the boundary line ever since Saturday morning.

NEW SEED REGULATIONS

Toronto, July 6.—Canadian alfalfa and red clover seed exported to the United States must contain at least one per cent. of the seed stained purple, according to the new United States import regulations regarding alfalfa and red clover seed. A certificate signed by an authorized official must be attached to the consular invoice in addition to a declaration by the shipper regarding the origin of the seed. Other countries have been allotted other colors.

POTATO PUFFS

Two cups mashed potatoes, two tablespoons melted butter, two eggs, one-half cup scalded milk, one-half teaspoon salt.

Stir the mashed butter into the potato, beat to a white cream; add eggs beaten very light and then the milk and seasonings. Bake in a deep buttered dish, in a quick oven for twenty minutes, or until nicely browned.

BETTER THAN SODA

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

INSIST UPON "PHILLIPS"

Each bottle contains full directions—any drug-store. (Adv.)

SPOKEN BY WIRELESS

July 5, 8 p.m.—Shipping: PROTESILAUS, 472 miles from Victoria.

CANADIAN SKIRMISHIER, 85 miles south of Cape Flattery.

NORWOOD, 260 miles from Excurion Inlet.

BAY MAZE, 370 miles from Dutch Harbor.

On his first visit to Victoria, Herbert Lash of the Canadian National Railways' publicity department called on Publicity Commissioner George I. Warren during the afternoon.

Mr. Lash came to Victoria for the opportunity to make the railroad representative familiar with the charms of Vancouver Island and the surrounding country.

A trip over the Malahat, particularly automobile travel, at Blaine he saw cars stretching out over a mile waiting to be cleared on their return from Vancouver. He also stopped at Bellinham where he saw the City of Bellinham sail for Sidney with a capacity load.

Mr. Lash came to Victoria from Jasper National Park.

On July 4 and 5 he was able to make a personal observation of the tremendous increase in tourist traffic of the Puget Sound country, particularly automobile travel.

At Blaine he saw cars stretching out over a mile waiting to be cleared on their return from Vancouver. He also stopped at Bellinham where he saw the City of Bellinham sail for Sidney with a capacity load.

FERRIES MAKE EXTRA TRIPS

Motor Ferry Olympic Made Third Trip to Port Angeles

Princess Louise on Special Trip to Seattle to Take Over-flow of Cars

A marked increase was seen yesterday in tourist traffic from the American side. It was Independence Day in the States on Sunday and a great many citizens visited Victoria. All the ferries and steamers leaving here were filled to capacity and several cars were left behind on the Victoria and Port Angeles route and the ferry Olympic had to make an extra trip.

The Olympic, which runs between Victoria and Port Angeles, experienced her best day since she has been on the run. On July 4 the Olympic had her largest day this season, but that record was shattered yesterday when a third trip had to be made. On the afternoon trip to Port Angeles forty-five automobiles were handled, which is just ten below the vessel's capacity. The Olympic made an extra run at 8 o'clock to Port Angeles, to take thirty cars over.

TWO STEAMERS NEEDED

The C.P.R. had to place an extra steamer on the run to Seattle on account of the large crowd of American tourists. Over 1,300 passengers were taken to Seattle on the Princess Margaret while the overflow went to Seattle on the Princess Louise. There were between 400 and 500 passengers on the Louise. This is the second time in five days that the C.P.R. has had to put on extra vessels. The Princess Mary acted as relief ship to the Adelaide, which sailed on the midnight run to Vancouver for Dominion Day and also on the return trip the following day.

Two hundred and fifty-one cars were handled by the various ferries operating out of Sidney for Bellinham and Anacortes.

Seventy-five cars were taken to Seattle on the Princess Margaret and the Princess Louise, which make a total of 170 cars handled during Sunday and Monday by the various ferry services operating between Vancouver Island and the mainland, which does not include the ferry Motor which was operating between Nanaimo and Vancouver.

SAN FRANCISCO SHIPPING

San Francisco, July 6.—The freighters Colerado and Honolulu, recently purchased by the General Metals Company, will not be back into commission. The vessels are at the yards of the Union Construction Company and the work of dismantling them will be started shortly. A Japanese company has been negotiating for the purchase of the two freighters, but the owners insisted they would be started shortly. The Japanese company has been negotiating for the purchase of the two freighters, but the owners insisted they would be started shortly.

The Oceanic liner Ventura, with 300 passengers, is due here to-morrow from Sydney. The Ventura's arrival will mark the passing of the Spreckels' interests from the steamship business, the Matson company having already taken over the other three vessels of the fleet.

MARINE NOTES

The Canadian Pacific steamer Princess Esau left the outfitting wharf of the Victoria Machinery Depot this afternoon after having thirteen oil tanks installed for carrying pilot oil up the coast to and from the canneries.

The last of the seine boats that were built by Yarrows Limited for the Canadian Packing Corporation was launched on Saturday night. She was named the Victoria. Mrs. J. Gugg, wife of the managing director, christened her. This is the last of the forty-eight-foot boats. Five boats were built by Yarrows Limited.

The Canadian Pacific coal barge will be hauled out to-day on the marine ways, along with the wood scow of Cameron Lumber Company, for cleaning and painting at the Victoria Machinery Depot.

The last of the two drydock caissons has been completed by Yarrows Limited and is ready to be put in place at the new dock, when the night tides are high enough to float the gate.

FOR PICNICS

A useful article is the aluminum cake box which has a closing handle and may be carried to picnics as well as a recess on the pantry shelf.

MAKES PORT THIS AFTERNOON FROM EUROPE

M.S. DRECHTDYK

of the Holland-American Line, which came alongside the Rithet Piers this afternoon laden with general freight from Europe. The Drechtdyk will discharge 150 tons here before shifting to Vancouver.

TWENTY-FIVE YEARS IN RAILWAY WORLD

C.N.R. Official Celebrates Anniversary To-morrow

Winnipeg, July 6.—Osborne Scott, general passenger agent of the Canadian National Railways in Winnipeg, celebrates on Wednesday the twenty-fifth anniversary of his entry into the railway world. On July 7, 1901, Mr. Scott joined the audit staff of the Canadian National Railway, transferring in 1903 to the passenger department with which he has been connected ever since. Apart from one year spent in Toronto and two years in Vancouver as passenger representative of the Canadian National, Mr. Scott has lived his life in Manitoba, and most of it in Winnipeg, having been born at St. Andrews, Man., and gone to public school and St. John's College here. The town of Dauphin, Man., is also celebrating an anniversary this week and Mr. Scott leaves to-morrow night to attend the historical pageant being put on there in conjunction with the annual fair in commemoration of the inauguration of the town, twenty-five years ago.

TO POLAND — Prof. Harley

Lutz of the department of economics of Leland Stanford University, is sailing for Europe with a party of bankers and financiers invited by General Pilsudski to go over and restore Poland's international credit.

Seattle Shipping

Seattle, July 6.—Bringing more than 800 passengers, two units of the Pacific Steamship Company arrived here yesterday. The first was the liner Admiral Rogers with 350 passengers from Southeastern Alaska and the other the H. F. Alexander with 352 passengers from California.

The steamer Jane Christensen, which arrived here from the Atlantic Coast, shifts to-day to other Puget Sound ports to load for her return voyage.

Coming from Northern Europe with 1,500 tons of general, the German motorship Osiris is expected here to-day.

When the steamer President Jackson leaves here Friday for the Far East on her initial voyage under the flag of the Admiral Oriental Line she will have approximately 350 passengers. She was one of five ships purchased from the Shipping Board.

PROTESILAUS TO ARRIVE HERE EARLY WEDNESDAY MORNING

The Protesilaus of the Blue Funnel Line will arrive at William Head at 5 o'clock Wednesday morning from the Far East. She has had fine weather on the trip. The Protesilaus will land 250 tons of general cargo at this port.

HALIBUT CATCH IS HIGH LAST MONTH

Landings For June at Prince Rupert Nearly 3,000,000 Pounds

The volume of halibut landed at Prince Rupert during the month of June was 2,950,000 pounds in excess of the landings for the month of May.

The halibut landings for June amounted to 2,950,000 pounds. Of this total 2,519,000 pounds was from American vessels and 431,000 pounds from Canadian. As compared with halibut landings in the corresponding month last year, when the total was \$268,400 pounds, this is a drop of \$48,400 pounds.

Halibut arrivals Friday totaled 112,500 pounds, three American vessels selling 90,900 pounds at the Fish Exchange and six Canadians, \$2,500 pounds. First class American fish sold from 14.5 cents to 15.5 cents and Canadian from 14.5 cents to 15.5 cents. Nine cents was paid for all second-class fish.

Seattle Shipping

The witness added he had advised the officers to see the grain was stowed tight.

In a conversation in Victoria, Capt. Tait testified the skipper said he was

Sears, president of the Vancouver Liberal Association, and seconded Alex. Henderson, M.C. It was passed unanimously.

BASEBALL, BOXING

First Day's Tennis Goes Without Upset

Weaker Players, in for Tournament Experience, Pass Out Before Stars; To-day Will See Further Weeding-out and To-morrow Real Tennis Displays Should Be Seen; McMasters, Vancouver, Plays Well to Overtake and Defeat W. Langlie, Seattle, in Three Sets; Warren, Seattle, Eliminates Club-mate, Bert Hoogs, in Three Sets

Nothing in the nature of an upset featured the opening day of the Canadian lawn tennis championships at the Victoria Lawn Tennis Club yesterday. The day saw the passing of many of the weaker players, who entered for the purpose of gaining a little tournament experience. Many of those eliminated were from Victoria clubs, as well as some of the youngsters who are entered in the junior events and thought they would take a fling in the seniors.

The "headliners" of the championships won their matches, most of them working under "wraps" all the way. To-day's play will witness the passing of many more of the "weak sisters," and to-morrow the play will be warming up to a point where there will be plenty of thrills.

To-day the Californians will make their main appearance. Miss Gladman, of Santa Monica, was in action yesterday, but Wallace Bates and the rest of the big guys will be pounding away to-day.

A GREAT TOURNAMENT

Everything points to the greatest tournament this city has ever seen. The class of players entered assures the spectators of thrilling matches from to-morrow until Saturday, and the finals should be equal to any ever played in this country.

In the men's singles yesterday only two matches went into three sets. W. L. Warren, of Seattle, was on the courts nearly two hours and a half before he succeeded in winning from his club-mate Bert Hoogs. Warren took the first set 8-6, but Hoogs forced the pace in the second set and won 6-4. Warren outlasted Hoogs, however, and won the deciding set at the twentieth game at 11-9.

CLOSE TO VICTORY

"Windy" Langlie, of Seattle, elder brother of the sensational young Howard, gave everything he had to to-morrow's play. Langlie was in action yesterday, but Wallace Bates and the rest of the big guys will be pounding away to-day.

TENNIS HAS IMPROVED

Walter Martin, who was runner-up to Nunn in the junior championship last year, played the tennis to eliminate young Don Laizure of Seattle, with the loss of but two games. Martin has improved his game greatly since last year and his powerful backhand drive will cause much concern before he is eliminated.

Geoff Peers, runner-up to Jack McGill, for the Vancouver title, pushed all the way to win from G. Davies of Victoria, the second set ending at 11-9.

The ladies' singles did not produce anything spectacular. Miss Hope Leeming, sister of Marjorie Leeming, the Canadian champion, disposed of Helen Tatlow, of Vancouver, by 6-4, 6-2. The victor played a very sound game and many now think she deserves to be ranked next to her sister.

Miss Saegeer, of Montreal, was impressive in her first match, defeating Mrs. Watson of Victoria, by 6-2, 6-2.

Miss Saegeer paired with Miss Helen Tatlow, of Vancouver, who last year won the ladies' doubles with Miss Marjorie Leeming, and defeated Mrs. Christmas and Miss Robertson, of Dunsmuir.

Miss Gladman, of Santa Monica, California, walked away with her match with Miss Mason, of Victoria, dropping but two games.

MANITOBA'S ENTRIES WIN

Manitoba's entries appeared in the men's doubles and won. Holmes and Baynes were extended in the first set by the local youths, Campbell and Hodgins, the score going to 8-6. In the second set the visitors dropped only two games.

Gordon and McCallum, the British Columbia doubles combination, had an easy time in their match with Young and Nicholson, of Vancouver, losing three games in the first set and making a love-set of the second. Yesterday's full results are as follows:

MEN'S SINGLES

I. W. Kinoshita, Vancouver, beat B. S. Walker, Victoria, 6-1, 6-0.
G. A. Laizure, Seattle, beat G. S. Clark, Victoria, 6-0, 6-2.
Leery Remie, Toronto, beat R. Berrill, Victoria, 6-0, 6-4.
V. Westwood, Vancouver, beat T. Todd, Seattle, 6-2, 6-1.
L. de Turenne, Seattle, beat A. T. Eagle, Victoria, 6-2, 6-1.
E. C. Martin, Victoria, beat I. Temple, Victoria, 6-0, 6-2.
H. A. Larny, Victoria, beat W. H. Hamilton, Vancouver, 6-2, 6-2.
H. T. Seed, Victoria, beat A. Clist, Seattle, 6-0, 6-4.
W. P. Honsberger, Oakland, beat G. H. Dawson, Seattle, 6-2, 6-1.
W. Martin, Regina, beat D. Laizure, Seattle, 6-1, 6-1.

Yanks' Lead Is Cut By Double Loss To Connie's Athletics

Philadelphia Celebrate Holiday With Double-header Win; Washington Moves Up

Donohue Pitches Cincinnati to Fine Victory; Giants Beaten Twice by Phillies

New York, July 6—Washington and Philadelphia seem to have overlooked the fact that in many previous seasons the leader on July 1 has been the champion in October. They gained much ground yesterday.

The Yankees helped the Mackmen to celebrate the signing of the Declaration of Independence in the city where it was signed. They dropped two games by 2-1 and 6-3, while Washington advanced by beating the Red Sox 7-4 and 3-2.

Detroit fell before St. Louis 4-3 and 4-3.

Cleveland and Chicago divided two games, Cleveland winning the first 4-2, but losing the second 5-0. Pete Donohue pitched another fine game for Cincinnati, shutting out the Cardinals 4-0. Billy Southworth hit a homer, which decided the match and went in favor of St. Louis 7-5.

Brooklyn and Boston also split. The Braves capturing the opening game, 5-4, and Brooklyn hammering the ball for a 14-5 victory in the afternoon.

PIRATES PITCHERS HAMMERED

Songer gave Pittsburgh a 4-1 victory over the Chicago Cubs in the morning. Five Pirate pitchers permitted eighteen hits in the afternoon and Chicago won 10-7.

Philadelphia took two from the Giants, 6-3, by piling up leads in the early innings.

Australians' Batting Feats Favorably Commented Upon

London, July 6 (Canadian Press Cable)—With the touring Australian cricketers winding up the first half of their visit to the Old Country, followers of the game here are reviewing the splendid batting feats of the visitors and reflecting on the fact that in only one game against a county team did the Australians' score fall short of the 300 mark. This was in the first engagement with Yorkshire at Bradford when, on the first innings, the tourists had 177. They were well on the way to a third century in the second innings, however, had rain not interfered with the completion of the game. They had made 243 for three wickets when play was abandoned.

On one occasion the Australians hoisted their total over the half-thousand at Leyton against Essex when they reached 538 for nine wickets.

PASS 400 TWICE

Twice they have passed four hundred, at Lords, against Middlesex, when their total ran to 489, and against Trent Bridge in the game now in progress, when they made 468.

They have exceeded the third century in eight games. The heaviest individual scorer in any game was Woodfull, whose 201 against Essex stands as a current record. The nearest figure to it is Andrew's 164 against Middlesex, while 160 was made by Macartney against Lancashire. Seven members of the team have made centuries. Eleven of them have passed the fifty mark.

Sons Beat Sidney Before Huge Crowd of Tacoma People

Tacoma, Wash., heralded lacrosse in with something like wild enthusiasm last night when the Sons of Canada and Sidney teams of the local senior league met in an exhibition match there before a huge crowd of Independence Day celebrators, estimated roughly at close onto 30,000. After four fast periods of good clean lacrosse the Sons of Canada came out top dogs with the score 8-4 in their favor.

As a speedy thrilling game the encounter went across fine with the Americans and tremendous applause greeted the efforts of the locals. The monster holiday crowd was said to be the largest to have ever watched a lacrosse game.

Australians Beat Nottingham by an Innings, 136 Runs

Nottingham, July 6 (Canadian Press Cable)—The Australian cricket team defeated Nottingham County here to-day by an innings and 136 runs. The county continued its second innings this morning and were dismissed for 139. Australia had a first innings score of 468.

Scores by Nottingham players to-day: Payton, c Ponsford b Macartney 35; Staples, c and b Mailey 20; Lawford, c and b Mailey 10; Barrett, c Richardson b Mailey 20; Richmond, not out 1; Extras 2.

Bowling analysis: 1 for 12, Macartney 1 for 24, Mailey 8 for 83, Grimmett 4 for 18.

SOFT-BALL

Esquimaux and the Hillcrests will meet to-night at Macaulay point to decide the championship of "A" set of the Softball League. At present the teams are on even terms and the victors to-night will head the section.

F. Bay and the Navy are scheduled to mix things at the Foul Bay lot.

At Central Park the Y.M.C.A. "A" squad are billed to have a go with the Ex-Normans and the Y.C. means a chance in the semi-finals and the cellar for the Onwegoes. The churchmen will fight hard to avoid relegation.

Esquimaux and Plimley & Ritchie have a little argument arranged at Central Park. This is a "C" section engagement.

The Ex-Normans and the Y.C. School, Lemon Gonnasos figure on taking a win from Wilson Bros. at Reakon Hill. The ex-students and lumbermen each need a victory to keep themselves at the head of the league.

Local Dog Wins

Last Thursday at the Moose Jaw show Mrs. C. M. Castle's Ruby of Shantung won her three points, also second best Peke in show. Moose Jaw was a three-point show and there was a very strong competition, not only in the Peke classes, but in all others. Ruby is one of Mrs. Castle's own breeding.

Jones Shoots 70 In Downpour and Atlanta Pair Win

Washington, July 6—Bobby Jones, matched with Watts Gunn against Roland Mackenzie and Freddy McLeod, shot the Burning Tree Course yesterday in 78, two over par. Most of the match, which the Atlanta golfers won 2 and 1, was played in a downpour.

Jones was out in 36 and home in par. Mackenzie and McLeod, both of Columbia Club here, had 74s, and Gunn, whose putting was inconsistent, had a 77.

AT THE THEATRES

LAUGHS COMMENCE
AS REGINALD DENNY
STARTS ROLLING HOME

Reginald Denny has definitely taken a position among the very few great comedians of the screen. He stepped into it first with "Oh Doctor." He convinced a great many picture fans of his eligibility in "I'll Show You The Town," "Where Was I?" "What Happened to Jones" and other pictures.

But in "Rolling Home" his latest universal production, which opened at the Dominion Theatre last night, he leaves no ground for argument on the question.

"Rolling Home" is, without doubt Denny's funniest picture since he stepped into feature farces comedies two years ago, and he has eclipsed all of his previous performances.

Starting with a bang and a hearty laugh in the opening scene, "Rolling Home" rolls homeward, gathering laughs as it goes, like a snowball gathers snow.

BUCK JONES TELLS
HOW NEWSBOY USED
WORLD'S MEANEST MAN

During a rest between "shots" during the making of "Lazybones," now at the Columbia, Charles (Buck) Jones, William Fox cowboy star, told this one:

"Hollywood, like most other places in this country, has its meanest cuss. He's a landlubber with lots of money, but how he does hate to part with any of it! His one weakness, however, is an occasional bet on a horse race.

"The other day he approached a newsboy and, not wishing to buy a newspaper, he asked the kid, 'Say, sonny, who won the fourth race?'"

"A horse! What do yer tink was running—fish?"

MERRIMOT RUNS
RIOT IN COMEDY
AT THE COLISEUM

A large audience last night found plenty of merriment in following the adventures of Johnny Wiggins (Geo. Ole Olsen), the cowboy in the case in "Johnny Get Your Gun," upon which the curtain rose for the initial performance at the Coliseum. The cowboy is really a movie rider and he refuses in very effective manner to take part in any of those popular screen comedies in which most plots are made to adhere to the features of almost everybody but the leading comedian. So he is free to take up a mission on behalf of his best friend, who is alarmed at the proposed marriage of his sister to a fortune hunter. This takes him to New York, where adventures happen

will give to the motion picture world this Christmas time. It took eight months to make "The Ancient Mariner," showing at the Playhouse Theatre, but as a fantasy it is said to surpass anything seen on the screen in recent years. It is a beautiful picturization of Samuel Taylor Coleridge's classic poem.

This supreme allegorical picture was filmed from the immortal epic by Henry Otto who is without a peer as creator of fantasies. The cast for this portion of the story includes Paul Panzer, Gladys Brockwell, Robert Klein and over a hundred beautiful girls and brawny men.

Conway Tearle in a Scene From Latest Laugh-est "Rolling Home"

fast and furious, as furious and as funny as anything in the comedies in which the cowboy had refused to work. A notable piece of stagecraft is the prologue which shows the interior of a movie studio with a company at work on a picture. The whole idea of "Johnny Get Your Gun" is novel and well carried out, and the production was voted one of Ed Redmond's best.

Conway Tearle in a Scene From Latest Laugh-est "Rolling Home"

"The Sporting Lover," starring Conway Tearle, is a fast-moving story of love, horse racing and the war. It moves like a flash. Sitting in the Capitol last night, where the picture had its premiere, we had feeling as of being swept irresistibly along.

The horse-racing episode, showing the English Derby, is a sheer masterpiece of film photography. It is thrilling. One has an intense impulse to rise to one's feet and cheer.

Conway Tearle plays the role of Captain Terence Connaughton, an Irish army officer who found in the French life a vacation from his domestic worries about inherited castles that must be supported without an income and many mortgages and debts which his predecessors passed on to his hands when they entered the great beyond. Wounded, Connaughton finds in his nurse at the field hospital his mate, and they pledge their love, only to be suddenly separated when an aviator drops a bomb on the hospital, burying them under the wreckage from which they are separately rescued and attended.

the public visions him as a film Methusalem. As a matter of fact, Blackton is forty-nine, having entered the instant agreement at the age of nineteen, when, as a sketch artist for The New York World, a meeting with Thomas Edison determined his career. One may be in his prime in years, and still be in his prime in the movies, both of which Commodore Blackton is.

From the midst of Hollywood's sleek and wisecracking modernity rises the ritualistic chant of an ancient people scarcely touched by "civilized" custom. On the ranch of Harry Carey, within the city limits, lives a few score Navajo Indian employees.

Whenever there is birth, death, marriage or sickness among them, the presence of doctor or priest may be tolerated, but always in addition to such service there is the native rite. It is one of the film town's strange anachronisms. A folk aloof, peering down from another era on the alien and the movie makers.

Karl Dane, who gave the world a husband as the girl Mary Pickford, one of the comic heroes of "The Big Parade," has been sued by his wife for separate maintenance. She charges non-support.

Film exhibitors and some producers are viewing with alarm the joint showing of Mary Pickford's "Sparrows" and Douglas Fairbanks' "Black Pirate" at Sid Grauman's Hollywood theatre. They fear the inevitable may spread, and that moviegoers may demand two feature pictures for one price. Harrowing prospect for the exhibitors, but unlikely to become customary. It took five hours to show the premier double bill.

Athabaska Valley Is Scenic Playground

HUB OF MAGNIFICENT NATIONAL PARK NOW MECCA OF TOURISTS

Jasper, Canada's Wonderful Park 4,400 Square Miles in Extent, Offers Vacation Delights in Mountain Fastnesses, Easily Accessible

Jasper National Park!

A rare jewel in a rugged setting.

When Col. Maynard Rogers first set eyes on the great Athabaska Valley, prior to 1907, before the Canadian Government set aside the territory as a national park and game sanctuary, he marveled and exclaimed: "My God! What a magnificent country!" Others have since followed in the footsteps of Col. Rogers and have similarly marveled and expressed the colonel's sentiments.

Before the Canadian National Railway cut through the Yellowhead Pass and startled the wild with the shriek of the locomotive, it took months of arduous toil and sometimes privation in order to behold what the modern tourist penetrates, in luxury and comfort, within a few days.

Just imagine! The jaded business man of the East can leave Montreal or New York, as the wanderlust seizes him, and within four and a half days is transported within the boundaries of a majestic natural playground in the heart of the Canadian Rockies.

Jasper can be reached in twenty-four hours by a daylight train now operated by the Canadian National Railways out of Vancouver.

As one of the chief scenic attractions of the Canadian northwest, Jasper is ideal as an outing centre for people of the Pacific Coast seeking recreation and relaxation.

MONARCH OF THE ROCKIES

Virtually at the gates of Jasper National Park stands the white-crowned sentinel, Mount Robson, known as the Monarch of the Rockies. Alpland station offers the best view of this giant with an altitude of 13,468 feet above sea-level. Among the mountains that come within the range of the traveler, Mount Robson, in charm and magnificence, surpasses all.

The full glory of Robson is only realized when striking the trail for Berg Lake.

A most interesting feature in connection with the streams that flow from Mount Robson's glaciers is that some of the waters, dividing at certain points, flow, on the one hand, into Berg Lake, and thence ultimately into the Pacific, while others, flowing into Lake Adolphus, a mile to the northwest, finally reach the Arctic Ocean by way of the Peace and Mackenzie rivers.

VALLEY OF THE MIGHTY ATHABASKA

Entering the valley of the Athabaska the eye is arrested by the magnitude of its mountain girt fastnesses. Kerkelien and Hardisty, grim and snow-capped, stand out as sentinels in the distance. From the windows of Jasper Park Lodge, on the opposite side of the valley, rears the mighty sides of Mount Edith Cavell, with its ice glaciers and eternal snow.

Mount Edith Cavell, rising to a

height of 11,033 feet above sea-level, was so named by the Geographical Board of Canada in memory of the heroic British nurse executed by the Germans during the Great War. At its base and fed by its glaciers is the former Lake Edith Cavell, and now known as the Lake of Forgiveness.

Standing back of Mount Edith Cavell, at some distance, is Mount Chevrone, with a large glacier that appears to end in a crater-like cup. Far up the Athabaska Valley, like

Edith Cavell and plunges down the valley towards the Athabaska. This is Astoria River, named after the old Astoria Fur Company of Jacob Astor.

The Astoria and Portal Creek are both glacial streams that enter the Athabaska River.

Mount Edith Cavell, attractive because of its charm and beauty, and interesting through its association with the martyred British nurse, can be reached from Jasper Park Lodge by automobile. The distance is eighteen miles and from the valley the road rises 2,500 feet, a magnificent and thrilling ride.

The route, after crossing the Athabaska lies for the greater part of the distance along the western bank of the Athabaska and crossing the Miette, Whistlers and Portal creeks, and the famous Astoria River.

The road, after crossing the Astoria River, follows its left bank for a time and then diverges to the Lake of Forgiveness, which rests at the base of Cavell.

FAMOUS HANGING GLACIER

At this point a wonderful view is offered of the famous "hanging glacier," known as the Glacier of the Ghost. At the base of Cavell Glacier, crevasses fifty feet or more in depth may be examined.

One of the most popular pony trails out of Jasper is up Signal Mountain, from where the pure water supply at the Lodge is obtained.

From Signal Mountain a magnificent view of the valley of the Athabaska can be obtained and the course of David Thompson on his memorable journey may be followed by the eye up to the Whirlpool River, past Cavell and on towards the Athabaska Pass and the Punch Bowl. Other points easy of access from Jasper

stands out prominently before Lac Beauvert. Pyramid was a landmark for trappers long before the railway cleaved its way through the Yellowhead.

OVERLOOKING LAC BEAUVERT

Nestling in an environment which is typically Alpine, Jasper Park Lodge occupies an ideal location on the shores of beautiful Lac Beauvert. Mountains, many of them snow-capped and all rich in color effects, completely encircle the lodge.

To the north, with its riot of reds, purples, browns, greens and greys, lies Pyramid with an altitude of 9,076 feet. Mount Edith Cavell, mystically shrouded by ice and snow, towers to the south. To the southeast Signal and Tekarra, with altitudes of 7,397 and 8,818 respectively. To the west is Whistlers Mountain, so named because of the colony of whistling marmots that make it their home. To the northeast is Collin Range with Roche Bonhomme carrying at its apex the well-defined upturned face of an old man. The peaks of all these mountains are mirrored upon the placid waters of Lac Beauvert.

CANYON REMARKABLE FEAT OF NATURE

Maligne Canyon, probably one of the most remarkable attractions at Jasper Park is within an hour's motor drive from the lodge.

The canyon is about a mile in length, in parts reaches a depth of 200 feet, and in width is strikingly irregular, narrowing at certain points to within a few feet.

Clinging to the walls of the canyon, even in midsummer, may be seen masses of ice, too far down to be seriously affected by the sun.

Although its walls are of solid rock

JASPER PARK LODGE OVERLOOKING LAC BEAUVERT

a winding, silver tape, the Whirlpool River is seen emerging from the hills and adjoining the Athabaska, which brings to mind the historic year of 1811 when David Thompson ascended this river and discovered the Athabaska Pass.

A mountain stream winds out apparently from the rear of Mount

Park Lodge, either by horseback or automobile, are Pyramid Mountain, Whistlers Mountain and Pyramid and Patricia Lakes. The trip to the two lakes is a fascinating one. As the altitude increases a charming panoramic picture is unfolded.

Pyramid Mountain, with its wonderful coloring and unique apex,

the canyon is the creation of the waters of the Maligne River, which, originating in the melting snows and glaciers of the mountains, have persisted through aeons of time.

Equally interesting are a number of giant pot-holes, which have been created by the waters of the canyon.

These pot-holes, in some instances, have a depth of fifty feet and of similar proportions in width. By the persistent effort of the swirling waters, aided by gravel, pebbles and small boulders, these remarkable pot-holes have been ground out of solid rock.

Although there are other canyons in Jasper National Park that are larger, Maligne Canyon, owing to the straight-cut character and depth of its rocky walls and the huge size of its pot-holes, is considered unique by geologists. Bridges span the canyon at various points and from these dizzy pinnacles splendid views may be obtained of the canyon depths. Beneath one of these bridges, near the head of the canyon and where the surface waters from the river above commences to flow in, is seen a magnificent cascade, which, in its fall of seventy odd feet, drops into a huge pot-hole in the side of which an aperture has been made by the waters that created it.

The wonders of Maligne are not confined to the canyon and its pot-holes.

SUBTERRANEAN CHANNEL

Another remarkable feature about the Maligne River is that, in addition to the stream which drops from its surface into the depths of the canyon, another body of water follows a subterranean course for several miles through the bowels of the earth and joins the Maligne before it reaches its outlet in the Athabaska. The source of Maligne River is Maligne Lake.

From Maligne Lake it flows into Medicine Lake, situated about ten miles east of the canyon.

As Medicine Lake has no surface outlet it follows that the waters which flow into it make their exit by a subterranean channel.

For half a mile beyond the western end of Medicine Lake, what was evidently the original course of the river is now dry and strewn with moss-covered boulders. Then, gradually, water may be seen bubbling up from the subterranean channel and finally the stream assumes the proportion that is to be seen as it plunges into the canyon.

A trail has been made, by way of Maligne Valley and past Medicine Lake to Maligne Lake.

Maligne Lake is one of the most beautiful sheets of water in the Rockies, being surrounded by mountains which rise from the sandy beaches at the water's edge. The effect of the snow-capped peaks, with their brown slate exposures splashed with crimson stains, the glaciers and the dark verdure of the foothills reflected in the water, form a picture of amazing beauty.

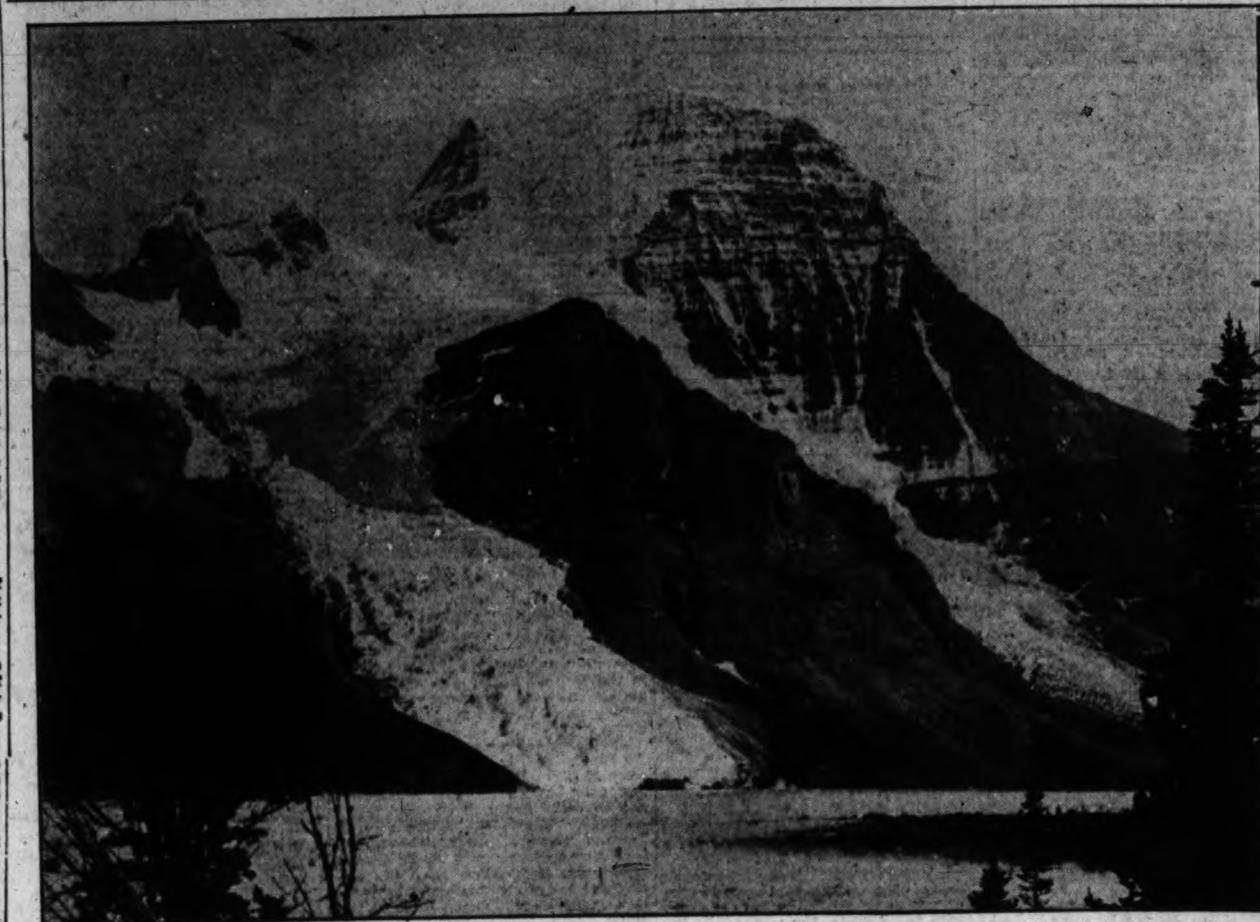

The traveler may return from the lake by way of Shovel Pass, at an altitude of 8,000 feet, and which affords one of the finest views in the mountain picture.

FINE MOUNTAIN GOLF COURSE

Jasper Park boasts a golf course that is not surpassed anywhere on the continent. The course has eighteen holes with a length of 6,375 yards.

The aim of the golf architect was to provide a course that would appeal to the most advanced golfer without discouraging the shorter-player. The length of the holes was carefully designed to provide all proper combinations of shots. In its setting the golf course is ideal, majestic snow-capped mountains being within range of the eye in every direction. The mountain streams provide an ample

tions of its interior, like its exterior, are in complete harmony with its Alpine surroundings.

The lodge contains a large lounge, dining-room, ballroom, ladies' lounge, ticket and telegraph offices, barber shop, beer garden, shower baths, bedrooms with private baths and all modern conveniences.

Grouped about the main lodge on the lake front are over thirty lodges of log construction, varying in size and each containing from one to twelve bedrooms. Each lodge has a bathroom and veranda, while others are made more attractive by the additional accommodation of private baths, sitting rooms and sleeping porches. All lodges are supplied with hot and cold running water and are lighted by electricity. The main dining hall, situated in the main lodge, is within two minutes' walk of each of the smaller log bungalows. Jasper Park Lodge has accommodation for 350 guests.

Jasper is situated on a glacial bed near the base of Pyramid Mountain and where the valley of the Athabaska is at its widest part.

The lodge is located a short distance from the railway depot, which is a most modern structure, and nearby is the picturesque village.

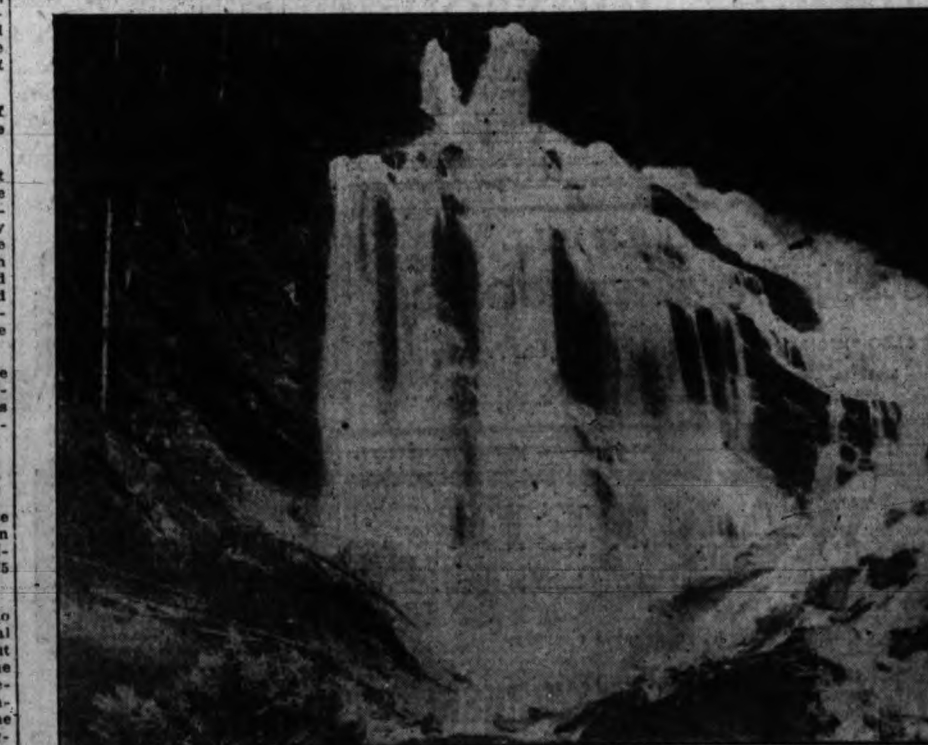

At the west end of the depot is a towering totem pole imported from the coast of British Columbia. The headquarters of Jasper National Park are situated in the village and the residence of the superintendent, Colonel Maynard Rogers, and his offices, in the form of a handsome stone building, is located at the rear of the depot. Jasper National Park has an area of 4,400 square miles and was set aside by the Dominion Government in 1907 as a national playground and game sanctuary.

water supply and the greens and fairways are always in excellent playing shape.

LODGE BUILT IN MOUNTAIN STYLE

The buildings that comprise Jasper

Park Lodge are Alpine in style of architecture to conform with the mountainous site. The main lodge is built of huge white boulders and logs brought down from the slopes of adjacent mountains, and the decora-

LOMSKI KEEPS TITLE

Aberdeen, Wash., July 6.—Leo Lomski, Aberdeen middleweight, retained his Coast middleweight championship by winning a decision over Buck Holley in a six-round bout here yesterday.

Lomski won four rounds and two were even. Holley remained on the defensive for the first three rounds and Lomski also was cautious, but won the first round by a small margin. The Aberdeen boxer opened up and made Holley fight after the fourth, but the best the Southerner did was to stop Holley spinning half way across the ring.

SILVER BEAT CALLAHAN

San Francisco, July 6.—Jack Silver, San Francisco junior welterweight, punched his way to a ten-round decision over Mushy Callahan of Los Angeles here yesterday. A perfectly functioning left hand, alternated with hard rights, brought the San Francisco boy an earned victory over the rugged Southern California fighter. Those at the ringside gave Silver an edge in eight rounds with Callahan making his best showing in the seventh and eighth frames.

GUTHRIE THINKS PROCEDURE PROPER

Expresses Opinion Meighen's Dissolution of Parliament Correctly Carried Out

Ottawa, July 6.—Hon. Hugh Guthrie, Acting Minister of Justice, in the opinion of the dissolution of Parliament last week was carried out in legal form.

In a statement yesterday Rt. Hon. Mackenzie King, Liberal leader, said a serious question had arisen "as to whether Parliament had been legally and constitutionally dissolved, seeing there was no prorogation notwithstanding that both Houses of Parliament were in session and the Governor-General was present in the capital at the time."

Commenting that the only notice Parliament had been dissolved was a letter to the Speaker from the Under-Secretary of State and that Senators and members were informed by messengers and page boys that their presence was no longer required, Mr. King added that "this method of assuming to dissolve Parliament is quite contrary to constitutional usage and law."

Later yesterday Mr. Guthrie said: "As respects the complaint of Rt. Hon. Mackenzie King about the manner of dissolution of Parliament, it may be stated the former minister used very precisely the same as those prepared and proposed by Mr. King himself just four days previously, when he himself sought dissolution of Parliament."

"The effect of the dissolution on pending legislation and supplies was precisely the same as would have been the effect had Mr. King secured a dissolution on the previous Monday."

TEXT OF STATEMENT

The text of Mr. Guthrie's statement follows:

"While the Government has no intention of entering into a controversy with the Rt. Hon. Mackenzie King upon the legal and constitutional questions which he seeks to raise with regard to the formation of the present Government or in regard to the dissolution of Parliament, it has been thought well to make a brief statement of the facts which transpired in order that the public may realize the exact situation."

"All the steps taken by the Rt. Hon. Arthur Meighen after he had been summoned by His Excellency the Governor-General were in strict accordance with the established precedents and forms in the office of the Privy Council of Canada. There was not the slightest variation from the established customs in this respect."

LETTER READ

"Ernest Lemaire, clerk of the Privy Council, conducted all the formal proceedings and prepared all orders-in-council necessary to constitute the new administration in the precise manner which had been adopted in the Privy Council when the Government of the Rt. Hon. Mackenzie King was formed in 1921, and when the Government of the late Rt. Hon. Sir Wilfrid Laurier was formed in 1919. The appointment as Acting Ministers followed the plan adopted by the Rt. Hon. Mr. King's Government when it appointed Acting Ministers without the slightest variation. Mr. Lemaire, on the first of July, gave the Rt. Hon. Mr. Meighen a letter setting forth the matter of procedure, which was read in the House of Commons on the same day."

REPLY TO INQUIRY

"The letter is as follows: "Dear Mr. Meighen: "Replying to your inquiry on the subject of oaths taken by Ministers and Acting Ministers, I beg to inform you that upon a member of the Privy Council being called to take a portfolio and preside over a certain department, he is required in all cases to take the oath of office. The wording of this oath, a copy of which is attached, is not prescribed by any statute, in so far as I have been able to discover, but would seem rather to be dependent upon custom and usage. "Regarding the appointment of Acting Ministers, this is generally done by order-in-council, but it has been customary for an Acting Minister to subscribe to any oath and no Acting Minister in the past twenty-five years has been asked to do so. "Ministers without portfolios have in several instances been called upon to temporarily preside over departments as Acting Ministers, but in no case, in at least the period of time mentioned above, was an oath administered to them."

KEZAR'S OPINION

"Such was the opinion which I gave you two days ago, after consulting with Mr. G. G. Kezar, assistant clerk of the Privy Council, who has an experience of more than thirty-five years in this office. "During the last administration three Ministers without portfolios were at different times appointed as Acting Ministers, namely, the Hon. E. M. Macdonald, Acting Minister of National Defence, appointed April 25, 1923; the Hon. R. Dandurand, appointed Acting Minister of Justice August 27, 1923, no oath was administered to him; the Hon. H. B. McGlavin, appointed Acting Secretary of State November 26, 1924. No oath was administered save that of a Privy Councillor. Mr. Macdonald was appointed Minister of National Defence on August 17, 1923, and was sworn in as such on the eighteenth of the same month, but was never sworn in as Acting Minister; nor was either Senator Dandurand or Mr. McGlavin."

Vancouver Drug Co.

Fort and Douglas

In the case of Mr. Macdonald, he was appointed as Acting Minister of National Defence when that position was vacant, the former Minister, Rt. Hon. G. P. Graham, having resigned as such and being appointed Minister of Railways and Canals.

"I may also inform you there have been other cases in the past of Ministers without portfolios being appointed as Acting Ministers after the resignation of the former Ministers, or the post was otherwise vacant. "Yours very sincerely, "E. G. LEMAIRE, "Clerk of the Privy Council."

ORDERS-IN-COUNCIL

"Upon the second question raised by Mr. King, that the Ministry formed by Mr. Meighen had no authority to pass Orders-in-Council, the opinion of W. S. Edwards, Deputy Minister of Justice, should be conclusive. Mr. Edwards' opinion is as follows: "The Honorable Mr. Guthrie, Acting Minister of Justice, House of Commons, July 1, 1926: "By section 11 of the British North America Act it is provided that: "There shall be a Council to aid and advise in the government of Canada, to be styled the King's Privy Council for Canada; and the persons who are to be members thereof shall be from time to time chosen and summoned by the Governor-General and sworn in as Privy Councillors, and members thereof may be from time to time removed by the Governor-General."

SWORN IN BEFORE

"I understand the Prime Minister and all the members of the present Acting Ministry have been sworn in by the Governor-General and sworn in as Privy Councillors, and have never ceased to be members of the Privy Council. In these circumstances, I am of opinion that their being summoned to attend meetings of the Privy Council on the 1st of July, was not a breach of the oath already taken is required of them."

"With regard to the question whether a meeting of the members of the Privy Council, summoned upon the advice of the Prime Minister, has power to appoint Acting Ministers of departments, I am of opinion that this question should be answered in the affirmative. It is a well known principle of constitutional government in Canada that the Governor-General may act upon the advice or in conjunction with the Privy Council of Canada or any members thereof. I know of no provision which creates any limitation upon the exercise of this power in connection with the appointment of Acting Ministers of departments, and I am of the opinion that the orders-in-council appointing Acting Ministers of departments were validly passed and are as effective as if made upon the recommendation of any committee of Council."

(Signed) "W. STUART EDWARDS, "Deputy Minister of Justice."

DISSOLUTION QUESTION

"In regard to the last question raised by the Rt. Hon. Mr. King as to the regularity of the dissolution of Parliament," continued Mr. Guthrie, "it is only necessary to state that all matters of procedure were directed and prepared by the Clerk of the Privy Council with the approval of Mr. Mulvey, Under-Secretary of State, and were all in accordance with the established practice in the office of the Privy Council. "As respects the complaint by Rt. Hon. Mr. King about the manner of dissolution of Parliament, it may be stated that the forms and procedure used followed precisely the same as those prepared and proposed by Mr. King himself just four days previously, when he himself sought dissolution of Parliament. The effect of the dissolution on pending legislation and supplies was precisely the same as would have been the effect had Mr. King secured a dissolution on the previous Monday."

Sidney

Special to The Times

Sidney, July 6.—The North Saanich Social Club held a very enjoyable party in their hall, Saturday evening, July 3. Five hundred was played at fifteen tables. Mrs. Hagen of Keating and Miss Sissord tied for the ladies' prize, the latter winning on the cut. Mr. Leslie Ricketts' supper was served by Miss Adelaide Toomer and Miss Gladys Ricketts. A dance was then held, the club's four-piece orchestra supplying the music. On Saturday, July 17, the club will hold a banana roast on the beach at Patricia Bay.

A garden party under the auspices of the St. Andrew's and Holy Trinity branch of the Women's Auxiliary was held at the home of Mrs. Gwynne, Patricia Bay, on Saturday afternoon, July 3. There was a good attendance. The secretary of the Community of St. John the Divine, Mrs. Balfour of Toronto, spoke a few words. Sister Christobel spoke of how she joined the community. The Mother Superior then gave a most interesting address on the work of the community and explained the dress which is worn and the reason for it. Mrs. Behn passed a hearty vote of thanks to the Mother Superior for her enlightening address. A delicious tea was served by Mrs. Gwynne, assisted by Miss E. Gwynne, Mrs. Salmon, the Misses Margaret Cochran, Mrs. Goddard, Nellie Bowman, Nellie Livesey and Frances Salmon.

A jolly dance was held at the Chateau, Deep Bay, on Saturday evening, July 3. A fair number were present. Heaton's orchestra supplied the music.

Guests at the Sidney Hotel at the week-end were: Mr. J. A. Stewart of Wisconsin, Mr. Roy Pearson, Mr. Chris Pearson and Mr. George Crook, all of Sidney Island; Mr. A. Hawthorne of Galiano Island, Mr. A. F. Russell of Seattle, Mr. and Mrs. W. G. Tully and family of Vancouver; Mr. L. A. Robbins of Seattle, Mr. and Mrs. J. T. Hawthorn of Roche Harbor, Mr. and Mrs. Garrard of Portland, Mr. Smith of Seattle, Mr. C. Murphy of Wisconsin, Mr. Vochire, Mr. and Mrs. Robert Gatch of Seattle.

Mr. and Mrs. Phipps and Miss Edna Phipps of Vancouver are staying with Mr. and Mrs. Carter of Breeds Cross Road.

Masters Maurice and Jack Rochfort, who have been at school at Shawinigan Lake, are spending the holidays with their parents, Mr. and Mrs. Rochfort of Patricia Bay.

Mr. and Mrs. Wasserman of Fifth Street have returned home from a holiday spent in Tacoma.

Sister Christobel of Toronto, who

has been staying with General and Mrs. Gwynne of Ardmore Grange, Patricia Bay, left on Monday for Victoria on her way back to Toronto.

Langford

Special to The Times

Langford, July 6.—The Douglas Street Baptist Sunday School held their picnic Saturday afternoon at the Goldstream flats. Bathing and swimming were greatly enjoyed, and the sports well arranged. Results were as follows:

Primary girls—1, Ella Symes; 2, Helen Honeychurch.

Primary boys—1, Reggie Ralph; 2, George McLean.

Boys, 8 to 10—1, William Ralph; 2, Walter Ralph.

Girls, 8 to 10—1, Jennie Perullot; 2, Mary Little.

Boys, 11 to 14—1, Dave Ewing; 2, Bobby Parker.

Girls, 11 to 14—1, Verna Middleton; 2, Florence Murker.

Bible class and teachers' race—1, Miss Lily Parker; 2, Alf. Pearman.

Three-legged race—1, Dave Ewing and Bob Parker; 2, Gladys Parker and Verna Middleton.

Thread-the-needle race—1, Lily Parker and Alfred Pearman; 2, Verna Middleton and Dave Ewing.

Potatoe race—Dave Ewing and Verna Middleton, tie.

Hearty cheers were given for the superintendent and teachers before the happy party departed in their trucks to motor back to Victoria.

Mr. and Mrs. Lindsay and family from Victoria are renting a Summer cottage on the Island Highway for July.

Master James Washington of Gorge road is visiting friends at Langford Lake.

Mrs. E. C. Stewart of Albera Street, accompanied by Mary, Donald and Grant Stewart, are spending a two months' vacation at the Langford Lake tea rooms.

Mr. and Mrs. H. Catterall and Miss Laura Catterall from Linden Avenue are out at their lake bungalow, Leigh Road, Langford Lake, for the Summer holidays.

Mr. and Mrs. J. H. Sledge and family from Bank Street are spending the vacation holidays at their Summer home on Leigh Road, Langford Lake.

Mr. and Mrs. A. Bronen and their two daughters are staying at Kamurup, Island Highway, for the Summer holidays.

Ella Fagan of Atkins Road was successful in passing her matriculation examination, and Eric Merry Alderwood, Millstream Road, was recommended for the second year high school work in the technical course.

Mr. and Mrs. Walker and family from Victoria have come out to their Summer home, Forrest Gate, Leigh Road, Langford Lake.

Mr. and Mrs. G. Aish are enjoying the beauty of Langford Lake for a month again this Summer, staying at a Leigh Road bungalow.

C. A. Morley of Schreiber, Ont., is visiting his family in Millstream Road for a vacation.

Miss Bee Yates from Port Angeles is visiting her grandparents, Mr. and Mrs. Stuart Yates, for the Summer.

Mr. and Mrs. C. Wheldon and son, Donald, from Victoria, are staying at Resthaven for two months.

A. R. Merrix, secretary-treasurer of the Diocesan Board of Religious Education, was the speaker at St. Matthew's Church last night on the subject of the new cathedral in Victoria. He described many details and interesting points concerning the future edifice.

P. T. STERN, Major, Adjt., 5th (B.C.) Coast Bde. C.A.

FEEL INJUSTICES OF HOSPITAL ACT

Esquimalt Seeking Redress Through Union of British Columbia Municipalities

The injustice of the Hospital Act, as it affects Esquimalt, and other municipalities in a similar position, will be placed before the Union of B.C. Municipalities for that body to assist in finding a remedy, according to a decision reached by the Esquimalt Council last night. Esquimalt will urge a reduction of the amount per capita which the municipality is obliged to pay for patients at hospitals, and also will urge that the period which will establish domicile within a municipality be lengthened and made positive.

Too long, Reeve R. P. Matheson declares, has the municipality been burdened with debts to the hospitals. The present situation where all patients from a municipality, whether they be wealthy or poor, cost their council 70 cents per day per person while at hospital whether or not they pay their own bills, is distasteful to the whole council. Esquimalt feels that it has behind it a volume of sentiment which will make the request for a change in the Hospital Act a necessity at the next session of the British Columbia Legislature.

In connection with the Better Housing Act, Esquimalt will urge upon the union the necessity of making it impossible for the municipality to lose the \$300 cash bond which is required in the case of returned soldiers building a home. When these men fall to pay for their homes and the properties are sold to some other than a returned man, Esquimalt wishes to see the return of its \$300. There is no reason, the council believes, why someone else should benefit from their money. They consequently will seek remedy through the union.

GET NO HYDRANT

After having asked for a water hydrant to be placed in proximity to the yards of the Imperial Oil Company, Victoria View Road, Esquimalt, the Esquimalt Council last night received a reply from the city water commissioner's office in which it was alleged that to supply a hydrant at the desired point it would require much rock cutting and great expense.

The Esquimalt Council fears that the city water commissioner can mean only one thing, and that is a refusal. Meanwhile the great oil and gasoline supply of the Imperial Oil Company stands unprotected in case of a fire outbreak. Esquimalt will take steps to investigate the matter and is seeking the advice of its solicitor in the matter. Reeve Matheson declared last night that Esquimalt lost its right to water when the act went through in the shape it did.

PROPERTY TANGLE

A letter from E. V. Finland asking for a refund of the tax sale price on a waterfront lot paid by the Sellers Estate was received by the council. An absolute title had been originally granted by the Land Registry Office to this property, the council learned, and on the strength of this act the municipality taxed the lot. The owner in order to obtain an indefeasible title allowed the land to go up for tax sale and then bought it back again. When applied for, however, the indefeasible title was refused. Mr. Finland's client now wants his money back from the municipality. The council will seek its course through the knowledge of its solicitor. It wishes to know whether such a course is open to them as Mr. Finland suggests, and whether by so doing they will be relieved of all further liability.

Considering the situation of municipal finances the council was of the opinion that the government grants from liquor profits and motor licenses this year would be smaller than usual.

Election Plans Are Made in Manitoba

Winnipeg, July 6.—Interest in the forthcoming federal general election is developing fast in Winnipeg and in the rural constituencies of Manitoba. Party organizers are engaged in making plans for nomination meetings and a rally there are plans being made in all the constituencies for active campaigns. The Liberal Association leaders are

awaiting word from Ottawa before arranging dates.

On July 14 the executive of the Manitoba Conservative Association will meet in Winnipeg for the purpose of completing its election plans. Robert Forke, former House leader of the Progressives, is en route to Winnipeg, and shortly after his arrival officials of the Farmers' Party will likely make their plans known.

George Black, late member for Dawson City, passed through Winnipeg yesterday en route to his home. In a brief interview at the train Mr. Black declared "adequate protection and a clean-up in the Department of Customs" would be the two main planks in the Conservative Party's platform.
